2024-05-30 culture and religion is an interdisciplinary journal seeking an engagement between scholars working across a range of disciplinary fields including anthropology cultural studies critical theory and gender studies and postcolonial studies  
 2022-11-28 culture and religion is an interdisciplinary journal seeking an engagement between scholars working across a range of disciplinary fields including anthropology cultural studies critical theory and gender studies and postcolonial studies  
 2018-12-11 this article will firstly describe the discourse in which the relationship between freedom of religion and culture is a negative one and how in response a distinction is made between culture and religion how far this distinction actually exists will then be considered  
 hundreds of studies have examined how religious beliefs mold an individual's sociology and psychology in particular research has explored how an individual's religion religious beliefs religious denomination strength of religious devotion etc is linked to their cultural beliefs and background  
 nanzan institute for religion and culture one of the three main research institutes at nanzan university the nirc is a global hub for scholars to engage in discussions on all aspects of religion through conferences workshops and lectures  
 the journal aims for a multidisciplinary approach to the study of religion in japan and submissions are welcomed from scholars in all fields of the humanities and social sciences the jjrs is published with the support of the center for information on religion and is a cc by nc open access journal  
 the nanzan institute for religion and culture nirc was established in 1975 with the mission of promoting research on religion as it pertains to japan facilitating dialogues between researchers and religious communities and supporting the work of young scholars in the fields of religious studies and intercultural philosophy  
 2011-09-20 in introducing this special issue we first consider six ways of thinking about how culture and religion relate to each other religion may be part of culture constitute culture include and transcend culture be influenced by culture shape culture or interact with culture in influencing cognitions emotions and actions  
 2009-09-20 to whatever extent contemporary studies of religion remain divided as has been suggested by russell t mccutcheon between essentialist theories and social constructivist theories the discussion argues that the key contribution of cultural analyses of religion consists in the way it has problematised this well worn impasse by positing  
 2017-07-28 religion and culture always exist in a close relation together with aesthetics and ethics religion constitutes culture as ethnicity becomes part of the related concepts the relation with
