the world is constantly changing and we never know how tomorrow will be different from today there are many things we can prepare for in life and some we can't it's the ones we can't that make us understand how fragile we are as humans who would have thought in our time of technology superiority and medical wonderment we would shut down our world to deal with a virus from covid 19 why did we shut down our world what were we afraid of getting a little sick getting a lot sick dying aha dying is it dying are we afraid of dying seriously if our lives are so valuable to us then why do we allow ourselves to be killed so easily we can live one of two ways we can lock ourselves in or let ourselves out we may be able to protect ourselves more from dying if we lock ourselves in but if we let ourselves out welcome to your world in case you don't recognize it yours is the world where crime runs rampant murder is an everyday thing and there's a pretty good chance you a loved one or a friend of yours is going to be hurt by another human being who is someone's child and you will live with the pain of having been hurt by them for the rest of your life and the persons responsible for your pain will never get punished we need to stop our future from ending by going down the path it is we need to stop building ourselves wrong this book can help us start stopping there are nearly 7.5 billion people on earth it is estimated there are over 4,000 religions and it is believed people speak about 6,500 languages yet there is no religion anywhere in the civilized world saying a person cannot kill us or our children there is no government saying the right person will be held responsible for stealing from us or our family there is no law of any land saying that a person is not allowed to make a mockery of tease bother insult lie about embarrass or in any way destroy another human being each of us has the right unrestricted to do anything evil hateful harmful and without justification to any other person on our planet without recourse how is that because parents do something wrong if their children do something wrong and that means if their children ever do something wrong any time any place 1:1 should not equal 3 unless the 3 is a good 3 blame and punish helps us understand what and why we need to begin believing and fixing for 300,000 years we've been doing this wrong it's time to make sure we can live our lives without them ending prematurely so let's blame and punish right

storm clouds gathering in contrast to these busy first few weeks of establishing back to school routines as well as the uncertainty of medical tests for kirsten i reflected back on the quiet respite we'd had over the past summer one of our favorite summer activities was to sit on the long covered front porch of our home and watch the storms as they rolled in from the west across clear creek we'd listen for the thunder and see the lightning striking at the bottom of the hill as the storm climbed upward and through the cornfield to the edge of our yard we were relieved as it rumbled noisily over the top of our house without leaving any damage as it continued its steady march to the east little did we know what kind of storm was brewing for our perfect little family
