one of the astonishing aspects of oliver s work is the consistency of tone over this long period what changes is an increased focus on nature and an increased precision with language that has made her one of our very best poets these poems sustain us rather than divert us although few poets have fewer human beings in their poems than mary oliver it is ironic that few poets also go so far to help us forward

foster s poetry in what he ought to know reads in its entirety like a hymn to intellectual beauty its mood is almost always one of deep contemplation a search for harmony among tangled relations each poem is an attempt to bring an inner light to the surface of the paper the desire for intimacy is reverential yet restrained and warmed by a private friction this results in a language that is measured in its tone and sensuality that is somehow able to be personal and impersonal simultaneously each word has a feeling of critical distinction as if distilled out of some more turbulent compound of longing and agitation publisher s website

over thirty years of poems from an american poet in the spirit of alan dugin and nelson algren's chicago city on the make at times i wanted to be a poet a fittingly sly and humble epigraph for this half a lifetime's worth of sly and humble and also lyrical and joyous poems from the first poem in the collection the woman in the peter pan collar in which the poet examines an old photograph of his mother searching for clues to the last rainouts in which he beseeches the lord to let his own death take place on the sort of day that strands baseball games mid inning leaving all final decisions happily deferred brooke horvath is always intimate never rhetorical or bland this is poetry not just for the sake of poetry but poetry as a way of life of engaging with the world like the works of alan dugin or galway kinnell these are poems of the everyday and when read slantwise of what lies beyond the whole collection in fact is imbued with the wily double meaning of the final couplet from what in the world were we thinking of it was a day when nothing happened that we will find worth remembering
