lifestyle as toyota skids into an ocean of problems and uncertainty continues in the us automotive industry lemon aid used cars and trucks 20112012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years lemon aid guides are unlike any other car and truck books on the market phil edmonston canada s automotive dr phil for 40 years pulls no punches like five books in one lemon aid used cars and trucks is an expos of car scams and gas consumption lies a do it yourself service manual an independent guide that covers beaters lemons and collectibles an archive of secret service bulletins granting free repairs and a legal primer that even lawyers cant beat phil delivers the goods on free fixes for chrysler ford and gm engine transmission brake and paint defects lets you know about corvette and mustang tops that fly off gives the lowdown on honda hyundai and toyota engines and transmissions and provides the latest information on computer module glitches popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better lemon aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market u s automakers are suddenly awash in profits and south koreans and europeans have gained market shares while honda nissan and toyota have curtailed production following the 2011 tsunami in japan shortages of japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012 so what should a savvy buyer do the all new lemon aid used cars and trucks 2012 2013 has the answers including more vehicles rated with some redesigned models that don t perform as well as previous iterations downrated more roof crash worthiness ratings along with an expanded cross border shopping guide a revised summary of safety and performance related defects that are likely to affect rated models more helpful websites listed in the appendix as well as an updated list of the best and worst beaters on the market more secret warranties taken from automaker internal service bulletins and memos than ever includes advertising matter popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better updated for 2005 this guide contains authoritative evaluations of more than 150 new 2005 model of cars minivans and sport utility vehicles includes shopping tips and the latest retail and dealer invoice prices to guide readers to the best new car deals original lemon aid used cars and trucks 20102011 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years of production this book offers an exposf gas consumption lies a do it yourself service manual an archive of service bulletins granting free repairs and more launched 35 years ago the 2007 edition of the new cars and minivans has been restyled to present more current information in a user friendly manner this guide tells you when to buy sell or hold onto a vehicle and why price rarely guarantees reliability beware of luxury lemons hard nosed ratings true fuel consumption figures and which safety features are unsafe are all found in this year s guide as well as dealer markups for each model cutting the freight fee the best and worst options whose warranty is the best which 2006s are butter buys than a 2007 sample compliant letters that work popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going
