The Complete Guide to Pre-employment Testing 2006

aptitude tests are a critical and the most common element in the job selection process these tests also known as iq intelligence and psychometric tests measure a range of verbal numerical abstract skills these tests mostly developed by testing agencies and specialists in the field such as shl and opp are commonly used by recruitment agencies and employers they aim at evaluating your intelligence and are used for one purpose only to assist recruiters in finding those candidates with the highest scores aptitude tests are rather difficult but the good news is that job test prep offers introduction to and knowledge of the relevant tests and test providers such as shl prior to the real ones individually tailored courses based on your line of work multi mode on line training system step by step and real simulation mode constructive feedback and tips on how to improve your scores in your next test these four elements will significantly improve your tests results and thus improve your chances to land that job once you ve completed this preparation book you ll feel knowledgeable comfortable and ready to face the challenge of the test

HR Manager's Guide to Background Checks and Pre-employment Testing 2012

there are many types of pre employment background checks or tests available to employers these checks can assist employers in hiring applicants that are well qualified and skilled for the positions for which they are applying some of these checks will also assist employers in identifying red flags and thus mitigating against certain risks such as hiring an applicant that may pose a risk of fraud or theft to the organization other types of checks will help employers obtain a sense of who the applicant is as a person so that they can better assess whether the applicant will fit within the organization in recent years employers have begun to check references with greater frequency and thoroughness this book has been designed to help employers understand what types of checks are legally permissible and how to conduct these checks in a way that minimizes risk to employers the authors advise that interviews and reference checks be conducted before the employer extends a conditional offer of employment to the job applicant but all other background checks and tests discussed in this book should be performed afterwards the following types of background checks are reviewed in this book personal interviews reference checks education and professional certification checks credit checks psychometric tests medical and fitness tests police records checks drug and alcohol tests and immigration terrorism and industry specific security checks publisher description
