International Handbook on Teaching and Learning Economics

2012

The international handbook on teaching and learning economics is a power packed resource for anyone interested in investing time into the effective improvement of their personal teaching methods and for those who desire to teach students how to think like an economist it sets guidelines for the successful integration of economics into a wide variety of traditional and non traditional settings in college and graduate courses with some attention paid to primary and secondary classrooms the international handbook on teaching and learning economics is highly recommended for all economics instructors and individuals supporting economic education in courses in and outside of the major this handbook provides a multitude of rich resources that make it easy for new and veteran instructors to improve their instruction in ways promising to excite an increasing number of students about learning economics this handbook should be on every instructor's desk and referenced regularly

• Tawni Hunt Ferrarini the American Economist

• In delightfully readable short chapters by leaders in the sub fields who are also committed teachers this encyclopedia of how and what in teaching economics covers everything there is nothing else like it and it should be required reading for anyone starting a teaching career
