that's where Kubota Engine Academy comes in. We offer both convenient web-based training and hands-on instructor-led training to help your authorized distributor and dealer technicians confidently solve any issue. Cummins Sales and Service Learning Centers are factory-authorized technical training centers for Cummins engine and Cummins power generation products. The primary training focus is to provide our service network with industry-leading service knowledge and capabilities. Kubota Engine Academy helps you meet the new challenges of servicing Kubota engines with the latest technology. The academy provides e-learning training courses as well as instructor-led training. IIT courses at our new Lincolnshire Training Center in Lincolnshire, Illinois, learn about the importance of diesel engine service skills and how they can help open doors toward exciting career opportunities. Without diesel engine service, there would be no diesel engines. Learn why it matters and how you can train. At UTI, our courses cover all types of engines, including gasoline and hybrid diesel and electric vehicle motors. In our classes, taught by ASE-certified instructors, you'll work on real-world vehicles owned by actual customers who need their vehicle serviced and repaired, and they need it done right. ASE-certified Master Level Kubota Engine Trainer conducts classes across the country, offering expert insights and hands-on experience. ASE leads the industry in deploying extensively trained technicians to the field. This ensures exceptional end-user support and swift warranty repairs. Choose from a variety of classes, including dealer orientation, certification, KDI, and standard diesel engine training, annual service updates, and more. When it comes to training, we make it easy with your choice of web-based classes, personal instruction, and video training. The 5-day, 40-hour program will consist of 4 hours of theory-based training and 4 hours of hands-on training each day. The training hours in this program can be used for qualification for the IA Renewal Program. For 65-93 and 4-2025 Lycoming engines, Piston Engine Service School dates: week-long training dates: February 17-21, February 24-28. Enhance your technical skills with PSI engines in person or virtual training programs in maintenance, repair, and diagnostics. We accommodate flexible needs. The Cummins Engines program gives you
