Verdict Justice

2021-10-16

the story is about a lawyer his clients and his journey as a sole practitioner in a small town

The Verdict

2015-11-13

the verdict veritas et justitia the motto by which the criminal justice system seeks to achieve justice but in the city of tampa florida after a disturbing crime has taken place the ensuing trial seems to obscure the quest for determining what is the truth and what is justice the verdict examines the psychological impact the trial has on the jurors as well as the physical and mental exhaustion the lawyers have to endure but the emotional impact of the trial also extends to society at large after months of trial preparation several weeks of testimony and after many days of sequestered deliberation the trial ends with a verdict that is certain to shock the community

a murdered daughter a son condemned this is the story of the ones left behind alice goodman lost her daughter to a brutal murder she s fought tirelessly for two decades to see justice served and the day has finally arrived after 20 years of anguish and struggle the much delayed execution will finally take place can alice find the peace that has long eluded her lori williams knows beyond a doubt that her son isn t capable of murder she s confronted challenge after challenge to find out the truth but after decades of fighting for justice lori is at the end of the line will her quest for truth be enough to save her son in a style that is equal parts john grisham and jodi picoult the last verdict is a moving story about two strong women who suffer unimaginable loss in pursuit of justice and how their paths come together in the most unexpected way praised by bestselling authors and hollywood stars this is a novel that will change the way you see the world buy the last verdict today

The Last Verdict

2017-03-27

levy skillfully traces the development of trial by jury

Verdict

2002

lay participation in the criminal justice process in the form of a jury is a celebrated phenomenon throughout the common law jurisdictions while not claiming credit for its origin england as the latent cradle of the modern jury disseminated this mode

The Palladium of Justice

2000

most contemporary criminal justice systems adopt a binary system of verdicts in a binary system there is a single evidential threshold or standard of proof if the standard is met the verdict is guilty the defendant is convicted and punishment is permitted if the standard is not met the verdict is not guilty the defendant is acquitted and punishment is forbidden there is no middle ground between the verdict of not guilty and that of guilty an intermediate verdict represents such middle ground intermediate between acquittal and conviction both in terms of the strength of the incriminating evidence that is needed to warrant the verdict and in terms of the severity of the consequences that the verdict may produce for the defendant justice in between is a study of intermediate criminal verdicts and advances a novel justification of such controversial devices with the aim to produce a consensus amongst scholars subscribing to different theories of punishment indeed the book shows that one cannot investigate the choice of the standard of proof nor importantly that of the verdict system in isolation from the question of the justification for punishing justice in between studies historical and extant examples of intermediate criminal verdicts and engages with the debates that have accompanied them including the popular argument that intermediate criminal verdicts are incompatible with the presumption of innocence in doing so the book offers an original account of the meaning and of the justification of the presumption relying on decision theory justice in between makes a case for intermediate criminal verdicts and shows that such decision theoretic case is viable under any of the main theories of punishment

The Place of the Explained Verdict in the English Criminal Justice System: Decision-making and Criminal Trials

2008-10-30

this is the first book ever written for the defense on how to avoid runaway jury verdicts i wrote this book because i care about fairness i believe everyone has the right to a fair trial not just plaintiff lawyers and their clients defendants are entitled to have a jury decide their case without being stirred with passion and bias by creative plaintiff lawyers this is the defense playbook for justice you will learn trial techniques to even the playing field for defendants seeking a fair trial every aspect of a civil jury trial will be covered from voir dire to opening statements to witnesses and finally closing arguments there is a formula for defeating plaintiff attorneys deceptive tactics and psychological gamesmanship and you will learn it while full of 30 years of trial victories and personal experiences this is a how to book how to defend at trial how to beat plaintiff attorneys at their own game how to win it is time to bring an end to the epidemic of nuclear verdicts across our country it is time for you to take back justice for all nuclear verdicts must be stopped you can stop them responsibility in every jury trial accepting responsibility is not only the right thing to do it is the most important thing you will do no exceptions own what you did in every single jury trial no excuses reasonableness be the most reasonable person in the courtroom do not take the typical defense

approach of fighting every little thing show the jury you care and they will return a verdict that is fair and just for all common sense the ultimate equalizer in any case is common sense it allows the jury to come to a conclusion that is fair and reasonable you must go beyond the evidence and the law and help the jury apply their common sense for a righteous verdict

Justice In-Between

2022-08-04

politics has always been a dirty game now justice is too in a crowded courtroom in mississippi a jury returns a shocking verdict against a chemical company accused of dumping toxic waste into a small town s water supply causing the worst cancer cluster in history the company appeals to the mississippi supreme court whose nine justices will one day either approve the verdict or reverse it who are the nine how will they vote can one be replaced before the case is ultimately decided the chemical company is owned by a wall street predator named carl trudeau and mr trudeau is convinced the court is not friendly enough with judicial elections looming he decides to try to purchase himself a seat on the court the cost is a few million dollars a drop in the bucket for a billionaire like mr trudeau through an intricate web of conspiracy and deceit his political operatives recruit a young unsuspecting candidate they finance him manipulate him market him and mold him into a potential supreme court justice theirs supreme court justice

Nuclear Verdicts

2020-02-11

this book is a critique of the jury and a collection of statements about various aspects of the jury made by observers during the past 200 years its purpose is to help laymen think about and understand issues involving the jury

A Treatise on Trial by Jury

1876

within this text james gobert looks at the role and function of the jury and the individual juror he examines these from a number of perspectives legal historical political psychological and philosophical the objective of the volume is to bring together the lessons to be gleaned from the various disciplines which have studied jury related issues in an attempt to gain a deeper fuller understanding of the jury the american and british jury systems are compared in the book but the comparative study does not extend to any further countries

The Tichborne Trial

1874

she had no idea the journey she was about to take as she held the thirty year old jury list in her hands it was only by a miracle that she had what she wanted the opportunity to ask why why that verdict the verdict of not guilty for them and guilty for her even though she was the victim

this story will take abigail back to her hometown of little mountain kentucky where her innocence was once lost and a rape trial was held thirty years ago travel with abigail on her quest to answer hard questions as she finds her way back home after the passage of three decades you will laugh cry and share abigail s own frustration as she shares her experience of living in justice amid life s injustices

The Appeal

2008

the right to a jury trial is a fundamental feature of the american justice system in recent years however aspects of the civil jury system have increasingly come under attack many question the ability of lay jurors to decide complex scientific and technical questions that often arise in civil suits others debate the high and rising costs of litigation the staggering delay in resolving disputes and the quality of justice federal and state courts crowded with growing numbers of criminal cases complain about handling difficult civil matters as a result the jury trial is effectively being challenged as a means for resolving disputes in america juries have been reduced in size their selection procedures altered and the unanimity requirement suspended for many this development is viewed as necessary for others it arouses deep concern in this book a distinguished group of scholars attorneys and judges examine the civil jury system and discuss whether certain features should be modified or reformed the book features papers presented at a conference cosponsored by the brookings institution and the litigation section of the american bar association together with an introductory chapter by robert e litan while the authors present competing views of the objectives of the civil jury system all agree that the jury still has and will continue to have an important role in the american system of civil justice the book begins with a brief history of the jury system and explains how juries have become increasingly responsible for decisions of great difficulty contributors then provide an overview of the system s objectives and discuss whether and to what extent actual practice meets those objectives they summarize how juries function and what attitudes lawyers judges litigants former jurors and the public at large hold about the current system the second half of the book is devoted to a wide range of recommendations that w

Civil Justice and the Jury

1972

twelve good men and true brings together some of the most ambitious and innovative work yet undertaken on the history of an english legal institution these eleven essays examine the composition of the criminal trial jury in england the behavior of those who sat as jurors and popular and official attitudes toward the institution of jury trial from its almost accidental emergence in the early thirteenth century until 1800 the essays have important implications for three problems central to the history of criminal justice administration in england the way in which the medieval jury was informed and reached its verdict the degree and form of independence enjoyed by juries during the early modern period when the powers of the bench were very great and the role of the eighteenth century trial jury which although clearly independent was by virtue of the status and experience of its members arguably a mere

extension of the bench this extensive collection marks the first occasion on which scholars working in several different time periods have focused their attention on the history of a single legal institution written by j m beattie j s cockburn thomas a green roger d groot douglas hay p j r king p g lawson bernard william mclane j b post edward powell and stephen k roberts the essays utilize sophisticated techniques to establish from a variety of manuscript sources the wealth status and administrative experience of jurors originally published in 1988 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

Justice, Democracy, and the Jury

1997

the system of jury trial has survived intact for 750 years in the light of contemporary opposition to jury trial for serious offences this book explains the nature and scope today of jury trial with its minor exceptions it chronicles the origins and development of jury trial in the anglo saxon world seeking to explain and explore the principles that lie at the heart of the mode of criminal trial it observes the distinction between the professional judge and the amateur juror or lay participant and the value of such a mixed tribunal part of the book is devoted to the leading european jurisdictions underlining their abandonment of trial by jury and its replacement with the mixed tribunal in pursuance of a political will to inject a lay element into the trial process democracy is not an essential element in the criminal trial the book takes a look at the appellate system in crime from the criminal appeals act 1907 to the present day and urges the reform of the appellate court finding the trial decision unsatisfactory as well as unsafe other important issues are touched upon judicial ethics and court craft perverse jury verdicts the nullification of jury verdicts the speciality of fraud offences and the selection of models for various crimes as well as suggested reforms of the waiver of a jury trial or the ability of the defendant to choose the mode of trial the section ends with a discussion of the restricted exceptions to jury trial where the experience of 30 years of judge alone trials in northern ireland the diplock courts is discussed finally the book proffers its proposal for a major change in direction involvement of the defendant in the choice of mode of trial and the intervention where necessary of the expert not merely as a witness but as an assessor to the judiciary or as a supplemental decision maker

Injustice

2017-11-30

the dominant approach to evaluating the law on evidence and proof focuses on how the trial system should be structured to guard against error this book argues instead that complex and intertwining moral and epistemic considerations come into view when departing from the

standpoint of a detached observer and taking the perspective of the person responsible for making findings of fact he contends that it is only by exploring the nature and content of deliberative responsibility that the role and purpose of much of the law can be fully understood in many cases values other than truth have to be respected not simply as side constraints but as values which are internal to the nature and purpose of the trial a party does not merely have a right that the substantive law be correctly applied to objectively true findings of fact and a right to have the case tried under rationally structured rules the party has more broadly a right to a just verdict where justice must be understood to incorporate a moral evaluation of the process which led to the outcome he argues that there is an important sense in which truth and justice are not opposing considerations rather principles of one kind reinforce demands of the other this book argues that the court must not only find the truth to do justice it must do justice in finding the truth

The Three Present Menaces

1900

judge raleigh westlake has dedicated his career to the pursuit of justice for a decade he toils within a broken system until a notorious murder case lands in his court a young woman has been murdered on a snow covered mountain and her killer has confessed the killer is convicted and sentenced to the ultimate verdict death but the appellate court reverses the conviction on a technicality because the killer was deaf at the time of his arrest a confessed murderer goes free this miscarriage of justice launches judge westlake and four colleagues on a quest for justice despite the system with the cooperation of two determined lawyers and two dedicated us marshals westlake creates his own mobile courtroom hidden within a semi trailer the most perverse and arrogant criminals are tried secretly and given the final unappealable verdict the sentences are harsh and swift executions are disguised to look like accidents or suicide judge westlake needs more he must send a message with one final verdict a traitor among them informs us attorney caroline bannister about the secret court with bannister in pursuit westlake is forced to confront his lawless actions and test his dedication to true justice

the bible warns that everyone who does not believe will learn with a shudder that god is indeed angry the next realization will be that its personal that god is angry with me by then it will be too late i seek through the holy spirit to introduce you to the ramifications of biblical truth to your personal eternity this is universal to all people of any era any race or color any language any culture and any nation god is in total control whether we can see it or not with god there is only one race the human race as individual human beings created by god we all will face the last judgment do you want your wages from god what you have earned i dont for the wages of sin is death but the gift of god is eternal life through jesus christ our lord romans 6 23 i have earned death but instead of my wages god gives me life as his free gift which i have not earned and can never earn now to him who works the reward is

not reckoned of grace but of debt but to him who does not work but believes on him who justifies the ungodly his faith is counted for righteousness blessed is he whose iniquity is forgiven whose sin is covered blessed is the man to whom the lord will not impute sin romans 4 45 78 for my eternal life i need mercy not justice i need christs righteousness in my account not my own bankrupt ersatz righteousness from fig leaves that i try to palm off as good works from my own sinful heart i need the heart lung transplant described in ezekiel 36 2627 not some superficial attempt to improve my appearance

Twelve Good Men and True

2014-07-14

reason curve jury competence and the english criminal justice system a cross jurisdictional and cross disciplinary book seeks to stimulate discussion and extend the debate in the area of criminal trials in light of the absence of an articulated explanation for a verdict the book traces the history and development of the jury from the carolingian kings its advancement in the english courts following papal intervention the impact of the magna carta to its general use current curtailment in england and wales and re emergence in continental europe central to the book s submission is the dictum that the jurors franchise to deliver a cryptic verdict is a matter between them and their conscience in light of human and civil rights movements the book advances arguments that a cryptic verdict may offend the principle of fair trials in criminal justice this is amplified by the presence of a developing and significant body of law that demands that decisions by public officers be accompanied by articulated pronouncements regarding the basis for their decision while the book does not contend with the sanctity of jury deliberations and recognizes the difficulties associated with reason articulation by lay assessors it argues that the jury continuum provides a fertile ground not only for articulating a verdict in light of human experiences but also for generating the reason curve which provides legitimacy for that verdict furthermore the reason curve argues that it is entirely possible for the jury to articulate its reasons provided the criminal justice system makes provisions not just to expect an explained verdict from the jury but also provides it with the necessary facilities needed for compliance exploring research and sources in the fields of law and psychology in europe the usa and other jurisdictions around the world this book is written for an international audience as a catalyst for the student of legal jurisprudence who has interests in the concepts of reason accountability transparency and human rights in the criminal justice system it is also written for the cognitive and behavioral psychologist with an interest in lay decision making in criminal trials in the large legal jurisdictions of the usa and canada the right to a jury trial is enshrined in state articles as such there is less tinkering with the institution in england and wales where parliament is supreme and the constitution is unwritten no such right exists consequently the government enjoys tremendous leeway in tinkering with the right to jury trial whether or not the institution can evolve to deliver a 21st century approach is a matter for full debate research and the march of time

Unreasoned Verdict

2019-05-02

the criminal justice system is broken both the ideal of justice and that of rehabilitation have been lost but there is hope everyone can agree on that right now criminal justice costs too much it punishes those with drug problems and mental illness who commit crimes but doesn't offer them the help that they need and often it merely slaps the wrist of violent offenders who go on to offend over and over again prosecutors defense attorneys judges and the public can all agree that the system isn't working georgia criminal defense attorney jason w swindle sr has stepped up in the verdict is in fix the criminal justice system to offer innovative new ideas and a fresh vision for fixing the broken criminal justice system in an effort to get this important national conversation started the verdict is in pulls back the curtain of the legal system itself for the uninitiated to see how it really works in real life
