Faith Can Change Your World 1982-01-01

description in this day of increasing uncertainty and fear faith in god is needed more than ever before in addition to its incalculable other benefits faith in god brings peace comfort and overflowing joy to those who put their trust in god but not any kind of faith can procure these benefits only biblical faith can when understood in its biblical authenticity and then put into action faith always leads to triumph in that it enables us to experience what god ordained for us

to obtain perform and become in light of this it is extremely important that we the people of god possess a comprehensive biblically based practical tool to aid us in achieving this understanding real faith in action is that tool it presents an unconventional multi dimensional view of faith revealing many aspects usually not discussed in other works through nine principles that are clearly laid out by the holy spirit in what is unquestionably the most comprehensive reporting of the working of faith in all of scripture the roll call of faith in hebrews 11 the principles are thus illustrated through the real life experiences of fellow humans who dared to believe god for the impossible accordingly the book goes beyond explaining faith to demonstrating faith it is designed to captivate and draw the reader into the world of the faith heroes of the past thus inspiring him or her to do likewise furthermore in that real life experiences are discussed any thought of being incapable of doing the same should be vanquished knowing that others succeeded in their accomplishments by utilizing the same faith to which we also have access endorsements inspiring informative instructive and pastoral are just a few words that describe real faith in action this body of work will prove to be an invaluable resource in the hands of believers because the desired effect is to stir up bold faith in us that will enable us to trust god for all of his promises for his scholarly work and contribution to the cause of christ i am godly proud of pastor hazell i am also confident that readers will give thanks to god for him for being obedient and diligent in doing what the holy spirit inspired him to do in making this book available to us dr roderick caesar bishop of bethel gospel tabernacle fellowship international this guide to faith is a gift to our spiritual disciplines demonstrating anew the excellence of theological reflection biblical interpretation and pastoral sensitivity and care that the author showed in his years of study at new brunswick theological seminary as readers we will surely find this book helpful in discerning milestones on our own pilgrimage of faith and as we get closer to the heavenly jerusalem we are likely to discover that we are gaining a new friend in curl oral hazell as he accompanies us along the way richard e sturm ph d professor and director nbts new york program the reverend curl oral hazell has written a book that will catch the attention and imagination of pastors preachers and students of the bible hazell uses the men and women of faith found in the eleventh chapter of hebrews as models of principles that can nurture every person s faith his interpretation of their lives is pastoral and practical intimate and inspiring loving and loyal to the intent of the author of the letter to the hebrews faith for hazell is both an act of belief and a deep relationship of trust in the god who created us and will never abandon us the price of the book is rewarded in every chapter but especially in the one that calls us to exercise faith that is ridiculous a faith that is bold foolish and radical it is the kind of faith that drew abraham out of

his comfort zone and all of us out of armchair religion into one that demands our all i commend real faith in action as an aid for every spiritual pilgrim looking for direction insight and inspiration along the way the r

a compelling and eloquent meditation chronicling the experiences of real life individuals as they face everyday trials and tragedies recognizing that their lives have been touched by the divine growing up as the daughter of a baptist minister deborah mathis has always known the graceful presence of god even when times were tough when she wavered in her faith and traveled down the ominous roads that ended in trouble she always felt blessed by the consummate mercy of her god in what god can do mathis bears witness to god's goodness presenting true stories of ordinary people their accounts of life's trials and triumphs and how god can work simple miracles even for the least

devout among us organized around ten different ways that god works in people s lives including healing forgiveness transformation and more what god can do is a collection of defining personal experiences a sampling of soft and subtle miracles that most people chalk up to mere coincidence or lucky breaks a father who survives a dangerous surgery against all odds a woman who beats cancer through prayers of prevention and a boy who lives with a bullet in his leg after a bloody hunting accident these are just a few of the miracles mathis recounts in genuine and honest prose such everyday examples of god s providence are sure to touch console and inspire any reader seeking spiritual nourishment especially today in a time of wide scale war and civil unrest when so much is uncertain and so many turn to prayer for answers and feats of divine intervention

christian growth is a deeply personal and spiritual choice that recognizes our unending need for jesus not only as savior but also as lord over our lives that recognition sometimes comes after losing the things that seemed to matter most and humbly acknowledging before god that we need a new life and not just a better version of the old life which produced little of lasting value discipleship is not and never can be a self improvement program because self is actually a big part

of the problem transforming our lives is not something we can do because even on our best days our sin nature opposes such transformation as the apostle paul said for the good that i wish i do not do but i practice the very evil that i do not wish rom 7 19 our only hope for real change resides in jesus assurance that what is impossible for man is possible for god becoming a disciple of jesus provides a year in christian growth composed of fifty two weekly lessons that develop both our vertical relationship with god and our horizontal relationships with others through the works of faith which god has prepared for us each work of faith is accomplished by our belief in the holy spirit s ability to transform us into instruments of god s peace and love over time this truth becomes both our heart s desire and a glorious reward as we gain freedom from the negative thought patterns and behaviors that previously governed our lives paradoxically admitting the things we struggled with to god unleashes his healing presence at a deep heart level as beings created in his image we all resemble partially completed sculptures god the master sculptor removes our undesirable traits so we can become complete as the persons he made us to be able to use our god given gifts to glorify him as shining examples of his love

it doesn't matter if you've been a christian for a short time a long time if you're just starting your journey or if you don't quite believe yet maybe you have questions about faith and god and how it all fits together in the grand scheme of life whatever your spiritual temperature this book is for you you're going to learn about the never ending love of god probe into god's infallible word and ask questions that will take you deeper in your faith walk and in the midst of exploring your faith will be activated in a mighty way as you embark on an inspirational journey that will release in you a deep belief in what god is able to do and will do in your life faith allows us to believe that the invisible god can accomplish the physically impossible faith dwells on a spiritual plane not a physical or scientific one and one thing is for sure there will never be any incongruity between godly faith and true science the faith i talk about in this book is a greater faith it is a spiritual inheritance that brings with it a spiritual encounter with god because god wants us to believe that as we work for him as we trust in him and as we do the will of god all things will work together for our good life is all about you trusting god and believing him to do his will and in doing his will you know that all these things including basic necessities like food and shelter are going to be added to you having all these things means that through jesus christ we now have access to all we need i believe there is something very significant for you in these pages and as i said the truth of scripture stands so whatever your level of faith this book will shift your thoughts activate your faith and then elevate your faith hold onto your seat take a deep breath and let out a holler to god because your faith is going on a journey
