Mark Twain, the World, and Me 2020 winner of the elizabeth agee prize in american literary studies susan k harris retraced the journey of the literary icon as he made his way around the british empire on his infamous 1895 1896 lecture tour part biography part literary criticism and part travel memoir harris study offers a unique take on one of america's most widely studied writers while attempting to situate mark twain's social commentary within a contemporary worldview as harris makes her way through australia india and south africa seeing for herself the people and places twain experienced she also undertakes a journey of self exploration and what her relationship with mark twain means after his disastrous investment in the paige compositor typesetting machine mark twain found himself bankrupt determined to repay his debts he undertook a thirteen month lecture tour around the british empire visiting fiji australia new zealand india mauritius and south africa after the tour twain published following the equator a travelogue in which he

recorded his observations and social commentary on the places he visited although twain was generally known to criticize racism bigotry and imperialism his financial situation meant he was willing to write to his audience's expectations in order to sell more books this led to the imbue ment of following the equator with the racial and cultural biases of the era following the equator went on to be a success virtually propelling him out of debt but now contemporary scholars and readers are left to make sense of twain's often inconsistent observations to figure out how to situate twain's legacy in a new era mark twain the world and me aims to do just that more than 100 years after twain's journey susan k harris follows him through australia india and south america tracing the themes and issues present in following the equator addressing them head on and using them as an occasion for comparing his era to our own her account covers a variety of topics such as the conundrum that hinduism presented to protestant americans of the 19th century the clash of civilizations between australian aborigines and white settlers the environmental devastation brought on by settler eradication policies and more

Jesus 1892 mary wollstonecraft wrote these two novellas at the beginning and end of her years of writing and political activism though written at different times they explore some of the same issues ideals of femininity as celebrated by the cult of sensibility the unequal education of women and domestic subjugation mary counters the contemporary trend of weak emotional heroines with the story of an intelligent and creative young woman who educates herself through her close friendships with men and women darker and more overtly feminist the wrongs of woman is set in an insane asylum where a young woman has been wrongly imprisoned by her husband by presenting the novellas in light of such texts as wollstonecraft's letters her polemical and educational prose similar works by other feminists and political reformists the literature of sentiment and contemporary medical texts this edition encourages an appreciation of the complexity and sophistication of wollstonecraft's writing goals as a radical feminist in the 1790s
