school library media centers are at a critical juncture over the next decade schools will undergo fundamental technological economic societal instructional and administrative changes craver discusses the major forces for change confronting school libraries analyzes their implications as a guide for future decision making and recommends that school library media specialists assume a leadership role in meeting these challenges the work provides current data and statistics on future trends in technology employment education society instruction and school administration that can help the school library media specialist to formulate forceful arguments for the acquisition of new technologies instructional reform and full implementation of resource based learning school library media specialists who need to plan and make decisions about the future of their school libraries will find this book an invaluable resource to visualize the future craver creates contrasting scenarios of utopian and dystopian school library media centers in the 21st century chapter 1 technological trends discusses the digitalization of all media and the implications of the technological revolution on the school library media center chapter 2 economic trends considers the impact of demographic changes and declining budgets and how to deal with them chapter 3 employment trends outlines future trends in the workforce and suggests ways in which the school library can respond chapter 4 educational trends charts the decline in literacy and the growing school reform movement chapter 5 social and behavioral trends discusses the change from a nation with minorities to a nation of minorities and the transformation of the american family chapter 6 instructional trends shows how the instructional role of the school library media specialist will change with the presence of advanced technologies chapter 7 organizational and managerial trends describes the role the school library media specialist will have to assume as the technological economic educational and cultural changes affect the daily business of the media center chapter 8 challenges focuses on a series of challenges in technology performance based programs collection development instruction and organization and manayement of the library media center explains how to build a strong library media program providing taxonomies for the library media specialist teacher student and administrator and discussing collaborative planning technology direct services to groups and individuals the information infrastructure and program evaluation this work aims to provide a format for taking data traditionally collected by library media specialists and show how it can be used to talk about existing programs or to document the need for a program change design a media center that s just right for your library determine your needs and more easily fulfill specific requirements from budgeting to staffing with administering the school library media center reflecting advances in management techniques and equipment this acclaimed resource helps professionals master audio video and computer technologies find out what s available what s easy to set up and operate and what s most affordable customize equipment to meet your library s requirements a separate chapter cover all aspects of aasl s information power guidelines for school library media programs changes in technology in society and in your role as a library media specialist have spawned hundreds of new words phrases and acronyms where can you find their meanings this dictionary was created to provide a single source of definitions for the language specifically associated with your profession it covers all the basic terminology words phrases and acronyms you need for the daily operation of a k 12 school library media center there are terms related to librarianship and publishing access point inquiry learning incunabula taxonomy technology gigabyte microlif awards edwards alex children s choices organizations children s book council lita celebrations children s book week and more practical thorough and easy to use this book is a ready reference you ll use again and again this is the most comprehensive textbook on school library administration available now updated to include the latest standards and address new technologies this reference text provides a complete instructional overview of the workings of the library media center from the basics of administration budgeting facilities management organization selection of materials and staffing to explanations on how to promote information literacy and the value of digital tools like blogs wikis and podcasting since the publication of the fourth edition of administering the school library media center in 2004 many changes have altered the landscape of school library administration the implementation of nclb legislation and the revision of aasl standards just to mention two the book is divided into 14 chapters each devoted to a major topic in school library media management this latest edition gives media specialists a roadmap for designing a school library that is functional and intellectually stimulating while leading sources provide guidance for further research everhart provides practical guidelines and ready to use forms for evaluating a school library media center as well as important results derived in other studies she includes qualitative and quantitative techniques for the areas of curriculum personnel facilities collections usage and technology she also gives step by step instructions on how to create in house surveys conduct interviews and use observation to gather useful data conduct research collect statistics and evaluate your program with this useful resource everhart provides practical guidelines and ready to use forms for evaluating a school library media center as well as important results derived in other studies she includes qualitative

and quantitative techniques for the areas of curriculum personnel facilities collections usage and technology she also gives step by step instructions on how to create in house surveys conduct interviews and use observation to gather useful data for example there are directions on how to assess information literacy with rubrics in addition each chapter gives detailed references a list of further readings applicable sites and dissertations a quick and easy guide to justifying and supporting your slmc operations and effectiveness this book is invaluable to all school library media specialists it will also be of interest to school library media supervisors and researchers student success comprises a complex system of expectations and measurements designed for school library media specialists this book focuses on library media programs and examines the factors that influence student achievement through a presentation of research trends and actual practice award winning author lesley farmer demonstrates how media specialists can encourage student achievement by creating an environment conducive to learning farmer takes a systems approach illuminating how each stakeholder in a student s education contributes to and impacts student achievement chapters include what defines student achievement research in the school library world internal factors the school library media program school factors towards student achievement student factors towards student achievement societal factors towards student achievement focus on reading who s a good reader next steps in addition to research findings about library programming farmer examines collection resources facilities staffing curricula instruction reading issues services products and administration key research studies are cited throughout the work to optimize referral to relevant information this is an invaluable guide for school library media specialists as well as for faculty and students in lis and education programs examines current changes and trends in scholl librarianship and suggests guidelines for achieving and effective library media program this statistical analysis report from the national center for education statistics examines the current state of school libraries in the united states and how they have changed the primary source of data in this report is the 1993 94 library survey the first federally sponsored survey of library media centers and head librarians in elementary and secondary schools the data taken from the 1993 94 schools and staffing survey sass are compared with historical data from previous surveys results in tables and charts are divided into two sections the first section gives a background on school library media centers and results are presented in terms of growth in school library media centers library media center staffing expenditures collections and resource evaluation technology and equipment and scheduling and transactions the second section focuses on school head librarians and provides results in current status background and experience training collaborative activities perception and attitude toward work compensation and number of fte positions appendices include detailed tables and technical notes focusing on survey content target populations and estimates sample design and implementation data collection procedures response rates edit procedures imputation weighting and definitions aef this collection of case studies emphasizes practical management techniques designed to be used by library media specialists in elementary middle and high school settings provides a history and overview of the certification process reviews the areas highlighted in the national board for professional teaching standards nbpts portfolio entries and assessment center exercises examines their components and gives tips on how to complete each part contains articles describing efforts at cooperation and collaboration within the library profession this title includes scholarship that illustrates both concepts defined in one of the chapters as terms often used loosely to describe relationships among entities or people working together calculations and formulas are presented to help librarians gather statistics for analysis and management of the collection using measures of timeliness relevancy use percentages user profiles and comparisons librarians can determine in quantitative ways the quality of a library s collection step by step directions show how to analyze data produced by automated systems conduct random sampling evaluate all types of information formats and estimate the cost of updating the collection doll teaches in the graduate school of library and information science at wayne university barron teaches in the department of library and information studies at the university of north carolina there is no subject index annotation copyrighted by book news inc portland or yesner and jay attempt to clarify for school administrators everything a school librarian should be doing in an exemplary school library media program the cover staffing programming collection development instructional strategies and technology use for each topic they provide a brief philosophy of current practices followed by checklists of positive negative and missing elements and possible solutions booklist information is organized into nine chapters which cover topics ranging from goal setting and budgeting to ordering materials to programming appendices contain lists of sources a learning skills inventory sample job descriptions and library bill of rights information voice youth advocates provides an overview of the issues and problems involved in collection development for the school library media center and offers strategies for creating collection development policies handling censorship and balancing print and nonprint resources this book is directed toward graduate students who are preparing to become or already serving as school library media specialists it reflects the rapidly changing questions being asked in school library media research as well as the methods of addressing those questions these changes are due to both the changing role of the school library media

specialist and the explosion of research methods available the authors hope that this book will encourage its readers to pursue an active research agenda in their school library media center what if the school librarian library media specialist could have the power to change the future what would need to be changed in the future what if the librarian could have the power to change how future leaders would be prepared to run our nation library media specialists are at the core of the learning process of students at all educational levels when educators use the library media specialist to help supplement their curriculum driven lessons library media specialists have the power to show students how to work on projects through the teamwork effort while allowing each of them to stimulate their imagination and critical thinking the library media specialist or school librarian can create an environment that encourages students to work independently or within a group in a collaborative setting such as the school library the school librarian can help to mold mathematical thinking while helping students to develop a level of maturity that supports the decisions they are asked to make in research projects the following is a fictional account based on events happening in our country s education bernice williams will try to answer these questions as she tries to bring order and meaning of a school library that has been suspended in time for 10 years these days there are a lot more resources in the library than just books young students will be introduced to a number of these and the many responsibilities of the library media specialist in the digital age with a focus on the successful management of the school library media center as a system the new edition of this authoritative work addresses and integrates the many trends and developments of the past decade it explores the impact of global forces and the school district on the development and operation of the media center and examines the library s programmatic activities within the context of its goals the book also addresses the nature quality and quantity of resources available to support programmatic endeavors personnel media technology facilities and funds management skills are emphasized throughout the text in the past two decades several u s states have explored ways to mainstream media literacy in school curriculum however one of the best and most accessible places to learn this necessary skill has not been the traditional classroom but rather the library in an increasing number of school public and academic libraries shared media experiences such as film screening learning to computer animate and video editing promote community and a sense of civic engagement the library screen scene reveals five core practices used by librarians who work with film and media viewing creating learning collecting and connecting with examples from more than 170 libraries throughout the united states the book shows how film and media literacy education programs library services and media collections teach patrons to critically analyze moving image media uniting generations cultures and communities in the process
