Walking with a Limp 2013-12-11 you're hanging out with god and he's probably a facebook friend and you like his stuff when asked about your relationship with god you say fine good but you have no idea so while you read more pray more give more serve more share your faith more and wait to grow more spiritually the mess of life gets deeper and dirtier stuck is where you are trying to become more like christ but never getting there walking with a limp takes you through the anatomy of a disciple in a way that will both punch you in the face and pick you back up brad bell uses the simple not so sexy but very intentional life of jesus christ to illustrate what authentic spiritual growth really looks like and how you can become more and more like him over time no matter who you are or where you have been paperback includes a unique code to take the anatomy of a disciple self assessment for free which determines exactly how you are doing spiritually and provides a personalized report showing you where god may be specifically growing you right now

Life with a Limp 2021-02-28 everybody walks with a limp from cradle to casket life is filled with physical mental and emotional pain some may hide their limp better than others nevertheless the limp is there suffering is no respecter of persons while suffering afflicts our bodies and emotions the problem of suffering afflicts the mind when confronted by tragedy one may ask how can i survive this pain but eventually the more philosophical questions occupy the mind why did god let this happen or how can i trust a god who would let my child die in life with a limp

david stevens provides a robust biblical reflection on these and other questions such as how do i handle my grief what is the role of suffering in the christian life how do i reconcile my suffering with belief in an all good god do all things really work together for good for those who love god this book is for limpers by one who limps throughout the author shares his story of limping through doubt loss and grief following the death of his firstborn son but more importantly he explores how our limp in life can help us grow more in love with our suffering savior

Walking with a Limp 2002 walking with a limp is a day by day invitation to take a look at life through a different lens these three hundred and sixty five daily thoughts go to the very heart of the quandaries and issues all of us face every day they are thoughts that explore the scriptures and the mind of god concerning the practical down to earth joys struggles and complexities we face in life this is not a feel good devotional of christian clichés that simply bring happy comforting thoughts that dissipate as you walk out and face the realities of the day it is not a book for those who have everything figured out and whose life has been a carefree boulevard of green lights it is for those who have wrestled with god as jacob did and as a result walk with a limp it is a sign of someone who desires to grow to explore life and learn from the mistakes of the past these three minute thoughts are a momentary retreat to help equip you to advance and thrive each day in every circumstance they are a beginning not an end a glimpse not an exhaustive essay these are biblical thoughts spoken in a conversational down to earth manner that you can build upon to fall more deeply in love with jesus christ and begin to think his thoughts after him at the present time in our history what could be more fitting than to view life from the perspective of the god who created us

Leading with a Limp 2006 i ve always loved the book of genesis where faith in the eternal unchanging god of abraham proves paradoxically to be more human than heroic this is surely why i appreciate ezra byer s exploration of the life of jacob whose story provides a window for examining his own seasons of doubt and depression mercifully ezra strips us of the illusion that faith will always be the swift steady sure climb he reminds that we might cling to god and still feel his absence this is a book for the trenches a book for building gritty honest ultimately resilient faith jen pollock michel author of surprised by paradox and keeping place walking with a limp will point you to the sure sources of hope for the hopeless the god of all hope and his word of hope in it you ll find practical help and encouragement to stay the course you like jacob can be a prince with god an overcomer whose limp testifies to tenacious clinging to god dr philip brown author of a reader s hebrew bible in recent years believers in christ have become more transparent about the struggles we face with depression and mental illness in this timely book

ezra byer contributes to this encouraging trend by inviting readers to re read the ancient narrative of the patriarch jacob and encounter anew the god who heals and also sets apart his people for worship and service dr edward smither author of mission in the early church and christian martyrdom when we suffer we don t need glib answers or easy truths we need to hear from someone who knows what it s like can remind us of biblical truth and point us to hope that s why i m grateful that ezra has written this honest profound and encouraging book i can t wait to read it again and to share it with others darryl dash author of how to grow
