international grains council igc has revised its forecast for global grain production in the 2023
24 marketing year downward citing smaller than expected sorghum and barley harvests while the
supply outlook is somewhat buffered by increased carry in stocks the igc also trimmed its
forecast for global ending stocks reflecting tighter supplies 1 citations abstract the first
version of tokyo guidelines tg07 for acute cholecystitis was published in 2007 after an
international consensus meeting held in 2006 the guidelines have been revised twice in 2013 and
2018 to bridge the gap between the guidelines and real world clinical practice since then then
