bimestrale di diritto processuale civile diretto da luca tantalo anno 1 numero 2 marzo 2014 offering historical identity fortified by the presence of women belonging to the various areas of creative and intellectual life this book allows readers to understand greater contexts of their identity the history of female artists is an indicator of how social identity was erased from the historiography which asserted itself in nineteenth century europe analysis of the biographical pathways traced here reveals how women in the middle ages and beyond have been active protagonists of the arts received reviews as well as had an authoritative role as the esteemed and attentive witnesses of the society around them reconstruction of social relationships intellectual and creative production as well as of the life stories of some of europe s most important female artists foregrounds this omission and highlights their extraordinary nature the different stories contained in this book narrate the lives and works of hildegard von bingen francesca caccini mary wollstonecraft george sand lou andreas salomé and elke mascha blankenburg by reinforcing the awareness of social and historical origins the informed reader is better equipped to tackle their futures and build up their personalities this volume constitutes a first step towards an ever deferred interdisciplinary dialogue on cultural traits it offers a way to enter a representative sample of the intellectual diversity that surrounds this topic and a means to stimulate innovative avenues of research it stimulates critical thinking and awareness in the disciplines that need to conceptualize and study culture cultural traits and cultural diversity culture is often defined and studied with an emphasis on cultural features for unesco culture should be regarded as the set of distinctive spiritual material intellectual and emotional features of society or a social group but the very possibility of assuming the existence of cultural traits is not granted and any serious evaluation of the notion of cultural trait requires the interrogation of several disciplines from cultural anthropology to linguistics from psychology to sociology to musicology and all areas of knowledge on culture this book presents a strong multidisciplinary perspective that can help clarify the problems about cultural traits child care is an integral part of the web of influences and experiences that shape children s development utilizing an interdisciplinary approach that covers both historic and economic contexts this unique book characterizes child care in 18 countries on five continents specific historical roots and the current social contexts of child care are delineated in industrialized as well as in developing countries to increase the depth of

crosscultural analysis and integration commentators from countries and disciplines other than the authors comment on the issues raised in each chapter this volume is the first comprehensive study of the influence of english pre raphaelitism on italian art and culture in the late nineteenth century analysis of the cultural relations between italy and britain has focused traditionally on the special place that italy had in the british imagination but the cultural and artistic exchanges between the two countries have been much misunderstood this book aims to correct this imbalance by placing pre rapahelitism in its european context it explores the nature of its influence on italy how it was transmitted and how it was manifested by focusing on the role of italian anglophiles the english communities in florence and rome the writings of gabriele d annunzio and a number of italian artists active in tuscanly and rome the works of cellini ricci gioja de carolis and sartorio in particular fully demonstrate the impact of pre raphaelitism on the young italian school of painting which found in the english movement an ideal link with its glorious past on which it could build a new artistic identity these artists show that english pre raphaelitism was one of the most powerful single influences on fin de siecle italian culture a fresh new version of a 1962 translation that has had enormous popularity in comparative literature classes the vita nuova the new life is a small book which relates in prose and often very beautiful verse the story of the youthful dante s love for beatrice the essay which follows the translation provides new insights into this puzzling thirteenth century work musa regards dante s intention in this so called book of memory as a cruel and comic commentary on the youthful lover he argues that dante using the tradition of love poetry current in his time points up the foolishness and shallowness of his protagonist a self centered and self pitying youth who only occasionally in the progress of his suffering catches even a glimpse of the true nature of love or his beloved the sensitive man who would realize a man s destiny must ruthlessly cut out of his heart the canker at its center i e self pity the canker that the heart instinctively tends to cultivate according to musa this is one of dante s central ideas dante scholars libraries and students of the italian classics will welcome this distinguished translation and its provocative commentary back cover cultural expertise in the form of expert opinions formulated by social scientists appointed as experts in the legal process is not different from any other kind of expertise in court in specialised fields of law such as native land titles in america and in australia the appointment of social scientists as experts in court is a consolidated practice this special issue focuses on the contemporary evolution and variation of cultural expertise as an emergent concept providing a conceptual umbrella for a variety of evolving practices which all include use of the specialised knowledge of social sciences for the resolution of conflicts it surveys the application of cultural expertise in the legal process with an unprecedented span of fields ranging from criminology and ethnopsychiatry to the recognition of the rights of autochthone minorities

including linguistic expertise and modern reformulation of cultural rights in this special issue the emphasis is on the development and change of culture related expert witnessing over recent times culture related adjudication and resolution of disputes criminal litigation and other kinds of court and out of court procedures this special issue offers descriptions of judicial practices involving experts in local laws and customs and surveys of the most frequent fields of expert witnessing that are related with culture interrogates who the experts are their links with local communities and also with the courts and the state power and politics how cultural expert witnessing has been received by judges how cultural expertise has developed across the sister disciplines of history and psychiatry and eventually it asks whether academic truth and legal truth are commensurable across time and space spazi riflessivi in passeggeri notturni è un testo innovativo e versatile per l'insegnamento dell'italiano tramite riflessioni ed elaborazioni su questioni sociali emerse dalla lettura di passeggeri notturni racconti brevi di gianrico carofiglio il testo indicato per un livello intermedio avanzato propone una vasta gamma di esercizi grammaticali contestualizzati e attività interdisciplinari che confrontano letterature e arti diverse e affrontano discussioni socio culturali a vivid reimagining of the vita nuova as a revolution in poetry and a revelation of divine destiny through love in this new edition musa views dante's intention as one of cruel and comic commentary on the shallowness and self pity of his protagonist who only occasionally glimpses the true nature of love the explication de texte which accompanies musa's translation is instructively novel always admirable this present work offers english readers a lengthy appraisal which should figure in future scholarly discussions choice provides image and full text online access to back issues consult the online table of contents for specific holdings the past few years have witnessed a growing academic interest in italian studies and an increasing number of symposia and scholarly activities this volume originates from the society for italian studies postgraduate colloquia that took place at the university of leicester and cambridge in june 2004 and april 2005 respectively it gathers together articles by young researchers working on various aspects of italian studies it well illustrates current trends in both typical areas of research like literature and high culture and in those which have gained momentum in recent years like translation and language studies the volume offers a taste of the dynamic outlook of current research in italian studies the interdisciplinary approach of the essays in translation and gender studies and the innovative methodological perspectives and findings offered by the new fields of italian l2 and ethnography the book is divided into three sections each grouping contributions by broad subject areas literature and culture translation and gender studies language and linguistics cross fertilizations and interdisciplinary research emerge from several essays and the coherent ensemble constitutes an example of the far reaching results achieved by current research international authors describe class action procedure in this concise comparative and empirical

perspective on aggregate litigation this edited volume examines the relationship between economic ideas economic policies and development institutions analysing the cases of 11 peripheral countries in europe latin america and asia across the nineteenth and twentieth centuries it sheds light on the obstacles that have prevented the sustained economic growth of these countries and examines the origins of national and regional approaches to development the chapters present a fascinating insight into the ideas and visions in the different locations with the overarching categories of economic nationalism and economic liberalism and how they have influenced development outcomes this book will be valuable reading for advanced students and researchers of development economics the history of economic thought and economic history silvia aru fabio parascandolo marcello tanca luca vargiu forewordfabio parascandolo crisis of landscapes landscapes of the crisis notes for a socio ecological approachanna maria colavitti the crisis of the landscape the crisis of the norms for the landscape the planning of the landscape between uncertainty and second thoughts a few basic issuesbenedetta castiglioni institutional vs everyday landscape as conflicting concepts in opinions and practices reflections and perspectives from a case study in northeastern italy paolo d'angelo agriculture and landscape from cultivated fields to the wilderness and back silvia aru the smart city urban landscapes in the current crisis federica pau sardinian rebirth landscapes an aesthetician's outlook marcello tanca cagliari's urban landscape a commons serge latouche degrowth as a territorial landscape project le chiese di roma dalle loro origini sino al secolo xvi del professore cav mariano armellini this book collects the papers of the conference held in berlin germany 27-29 august 2012 on space geometry and the imagination from antiquity to the modern age the conference was a joint effort by the max planck institute for the history of science berlin and the centro di ricerca matematica ennio de giorgi pisa according to one narrative that received almost canonical status a century ago with francis haverfield the orthogonal grid was the most important development of ancient town planning embodying values of civilization in contrast to barbarism diffused in particular by hundreds of roman colonial foundations and its main legacy to subsequent urban development was the model of the grid city spread across the new world in new colonial cities this book explores the shortcomings of that all too colonialist narrative and offers new perspectives it explores the ideals articulated both by ancient city founders and their modern successors it looks at new evidence for roman colonial foundations to reassess their aims and it looks at the many ways post roman urbanism looked back to the roman model with a constant re appropriation of the idea of the roman the story of turin's transformation is well told pollak's account of the financial machinations of the dukes in their efforts to acquire properties and to pay for fortifications by taxing betterment on enclosed land is one of the best parts of the book simon pepper times literary supplement this two volume set constitutes the refereed proceedings of the 17th international

conference on universal access in human computer interaction uahci 2023 held as part of the 25th international conference hci international 2023 in copenhagen denmark during july 23 28 2023 the total of 1578 papers and 396 posters included in the hcii 2022 proceedings was carefully reviewed and selected from 7472 submissions the uahci 2023 proceedings were organized in the following topical sections part i design for all methods tools and practice interaction techniques platforms and metaphors for universal access understanding the universal access user experience and designing for children with autism spectrum disorders part ii universal access to xr universal access to learning and education assistive environments and quality of life technologies over the past three decades migration has become the main driver of population growth or of preventing its decrease in many eu countries the presence of so many families with a migrant background is however to some extent an unexpected phenomenon arising from the permanent settlement of migrant guest workers expected to be temporary residents and from other unplanned processes such as decolonization and the influx of asylum seekers moreover family reunification is today one of the main legal channels by which migrants come to europe so it is no coincidence that the main issues animating european public debate on inter ethnic coexistence involve family religion and the relationships between genders and generations finally the migrant family has to some extent become a lens through which to analyze many key topics connected with the present and future of european societies this work migrant families and religious belonging is a collection of nine essays exploring the relationship between family religion and immigration these essays mainly focus on the integration process with particular attention to the experience of migrants offspring the book consists of an introductory chapter and four thematic sections and topics covered include gender equality forced marriages child fostering care and religious radicalization the relationship between family religion and immigration provides a fascinating perspective to explore and shed light on european society today the book will be of interest to a wide range of academics researchers and practitioners bringing together the scientific contributions of a wide panel of sicilian and mainland italian specialists in prehistory this book focuses on the sciacca region and its landscape which is extraordinarily rich in natural geological phenomena and associated archaeological activity the northern italian padanian identity fostered by the lega nord is rooted in the long standing tradition in political and scholarly discourse of casting regional differences within italy in terms of a north south geographic divide trying to come to terms in the late 1980s and 1990s with italy's real or presumed inadequacies such as inefficient government corruption and organized crime this imagined geography acquired political centrality in that the north became associated with the virtues of modernity and the south with the vices of un modernity it was not only politicians but also social scientists who fostered and perpetuated this conceptualization of the north south divide thus

imposing a normative hierarchy between the two parts of the country in response to this discourse many scholars both in italy and abroad have started to question this perception of the south as a backward and implicitly inferior society starting from this critical tradition michel huysseune provides a new systematic and interdisciplinary approach that re interprets the premises behind italy s imagined geography of modernity he moves beyond an understanding of the south as a backward and implicitly inferior society and problematizes normative notions of modernity thus offering a new perspective on the north south divide which has a significance well beyond the case of italy the fascist regime under mussolini regarded its youth as its best hope for the future young people were courted more assiduously than any other group in the society and their political socialization became a central concern of the government believe obey fight discusses the various tools used by the fascist regime from 1922 to 1943 to shape the political values and environment of the young tracy koon focuses on the secondary agents of socialization including the party the educational establishment youth groups and the media of political communication she shows that the response to this socialization ranged from apparent consent to dissent and finally to open opposition the regime employed several methods to produce consensus among the young koon s analysis begins with a discussion of the rhetorical style of mussolini s message and the key political myths manipulated by his propaganda machine fascism as continuing revolution and social justice the glories of ancient rome the hygienic function of war and violence the religious spirit of the new creed and the omniscience of the leader she then describes the pre fascist educational system the most fascist gentile reforms of 1923 and the later revision of those reforms by zealous party men engaged in the fascist regimentation of teachers and students and the militarization and politicization of curricula and textbooks equally important agents of socialization were the fascist groups organized for young people from their earliest years through the university level including the annual national competitions and forums in which members could express their ideas on a range of issues the regime provided physical military sports and political training to strengthen the new fascist society fascist socialization did for a time create a superficial consensus by appealing to both the love of conformity that marks the very young and the economic fears that caused students to conform in the hope of jobs but koon argues that the regime s attempt to exert totalitarian control over the young deprived them of personal identity as time passed the contradictions of the regime became clearer the chasm between fascist rhetoric and reality more obvious in the end the majority of young people came to believe that the regime had given them nothing to believe in no one to obey and nothing for which to fight originally published in 1985 a unc press enduring edition unc press enduring editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print these editions are

this volume constitutes a first step towards an ever deferred interdisciplinary dialogue on cultural traits it offers a way to enter a representative sample of the intellectual diversity that surrounds this topic and a means to stimulate innovative avenues of research it stimulates critical thinking and awareness in the disciplines that need to conceptualize and study culture cultural traits and cultural diversity culture is often defined and studied with an emphasis on cultural features for unesco culture should be regarded as the set of distinctive spiritual material intellectual and emotional features of society or a social group

but the very possibility of assuming the existence of cultural traits is not granted and any serious evaluation of the notion of cultural trait requires the interrogation of several disciplines from cultural anthropology to linguistics from psychology to sociology to musicology and all areas of knowledge on culture this book presents a strong multidisciplinary perspective that can help clarify the problems about cultural traits

child care is an integral part of the web of influences and experiences that shape children s development utilizing an interdisciplinary approach that covers both historic and economic contexts this unique book characterizes child care in 18 countries on five continents specific historical roots and the current social contexts of child care are delineated in industrialized as well as in developing countries to increase the depth of crosscultural analysis and integration commentators from countries and disciplines other than the authors comment on the issues raised in each chapter

Begin. Roma, 8 Settembre 1846. Questo giorno che aggiugne una nuova gloria alla città eterna, un novello trionfo a quel sommo Pio, ... questo giorno ... è pur giunto, etc. [An account of the state visit of Pius IX. to the Church of Santa Maria del Popolo.]

1886

this volume is the first comprehensive study of the influence of english pre raphaelitism on italian art and culture in the late nineteenth century analysis of the cultural relations between italy and britain has focused traditionally on the special place that italy had in the british imagination but the cultural and artistic exchanges between the two countries have been much misunderstood this book aims to correct this imbalance by placing pre rapahelitism in its european context it explores the nature of its influence on italy how it was transmitted and how it was manifested by focusing on the role of italian anglophiles the english communities in florence and rome the writings of gabriele d annunzio and a number of italian artists active in tuscany and rome the works of cellini ricci gioja

de carolis and sartorio in particular fully demonstrate the impact of pre raphaelitism on the young italian school of painting which found in the english movement an ideal link with its glorious past on which it could build a new artistic identity these artists show that english pre raphaelitism was one of the most powerful single influences on fin de siecle italian culture

the fascist regime under mussolini regarded its youth as its best hope for the future young people were courted more assiduously than any other group in the society and their political socialization became a central concern of the government believe obey fight discusses the various tools used by the fascist regime from 1922 to 1943 to shape the political values and environment of the young tracy koon focuses on the secondary agents of socialization including the party the educational establishment youth groups and the media of political communication she shows that the response to this socialization ranged from apparent consent to dissent and finally to open opposition the regime employed several methods to produce consensus among the young koon s analysis begins

with a discussion of the rhetorical style of mussolini s message and the key political myths manipulated by his propaganda machine fascism as continuing revolution and social justice the glories of ancient rome the hygienic function of war and violence the religious spirit of the new creed and the omniscience of the leader she then describes the pre fascist educational system the most fascist gentile reforms of 1923 and the later revision of those reforms by zealous party men engaged in the fascist regimentation of teachers and students and the militarization and politicization of curricula and textbooks equally important agents of socialization were the fascist groups organized for young people from their earliest years through the university level including the annual national competitions and forums in which members could express their ideas on a range of issues the regime provided physical military sports and political training to strengthen the new fascist society fascist socialization did for a time create a superficial consensus by appealing to both the love of conformity that marks the very young and the economic fears that caused students to conform in the hope of jobs but koon argues that the regime s attempt to exert totalitarian control over the young deprived them of personal identity as time passed the contradictions of the regime became clearer the chasm between fascist rhetoric and reality more obvious in the end the majority of young people came to believe that the regime had given them nothing to believe in no one to obey and nothing for which to fight originally published in 1985 a unc press enduring edition unc press enduring editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print these editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
