Prince's Dictionary of Legal Abbreviations

1988

this study concentrates on three major issues creating a basis for the making of the czech english law dictionary with explanations namely language including terminology in both the czech and anglo american systems of law the process of legal translation and the lexicographic method of producing a bilingual law dictionary terminology has been considered the most significant feature of language for legal purposes it encompasses a wide range of special purpose vocabulary and higher syntactic units including legal jargon conceptual analysis is to be pursued whenever an identical term in the target language does not exist or its full equivalent is in doubt legal translation should be based primarily on comparative legal linguistic and genre analysis in order to make the transfer of legal information as precise accurate and comprehensible as possible the primary objective of legal translation is for the target recipient to be provided as explicit extensive and precise legal information in the target language as is contained in the source text complemented by the translator with facts rendering the original information fully comprehensible in the different legal environment and culture a dictionary which will help its users to produce legal texts in the target language should be founded upon a profound comparative legal and linguistic analysis that will a determine equivalents at the levels of vocabulary syntax and genre b select the appropriate lexicographic material to be included in the dictionary and c create entries in a user friendly manner

Prince's Dictionary of Legal Citations

2011

unifica el significado de terminos legales en idioma espanol utilizados en veintiun paises considerando que cada uno de esos paises tiene sus propias leyes jurisprudencia y codigos

The Dictionary of Legal Quotations

2018-10-07

this book focuses on legal concepts from the dual perspective of law and terminology while legal concepts frame legal knowledge and take center stage in law the discipline of terminology has traditionally been about concept description exploring topics common to both disciplines such as meaning conceptualization and specialized knowledge transfer the book gives a state of the art account of legal interpretation legal translation and legal lexicography with special emphasis on eu law the special give and take of law and terminology is illuminated by real life legal cases which demystify the ways courts do things with concepts this original approach to the semantics of legal concepts is then incorporated into the making of a legal dictionary thus filling a gap in the theory and practice of legal lexicography with its rich repertoire of examples of legal terms in different languages the book provides a blend of theory and practice making it a valuable resource not only for scholars of law language and lexicography but also for legal translators and students

Bernardo's Dictionary of Legal Terms and Legal Maxims

2007

for nearly 130 years black s law dictionary has been the gold standard for the language of the law the greatly expanded 11th edition with new material on every page is at once the most practical comprehensive scholarly and authoritative law dictionary ever published with clarity and rigor it defines more than 55 000 law related words and phrases recording their historical and present day nuances this edition introduces 3 500 new terms including accountability anticipatory self defense cyber force islamic law jewish law legal moralism legal reasoning moral equality peacekeeping remotely piloted warfare right to rebel and umbrella clause more than 900 latin maxims have been added newly translated and carefully indexed for this edition making black s law dictionary the most thorough and reliable source for these essential and often elusive items headwords are given their dates of earliest known use in english language sources giving dictionary users a greater sense of historical context black s law dictionary is the only legal dictionary to provide such data the extensive bibliography lists the more than 1 000 classics of legal literature that are briefly quoted throughout the dictionary to amplify the user s understanding of legal terminology each of the more than 6 000 quotations locates a critical and otherwise hard to find explanation of the terms under discussion

Dictionary of Legal Commercial and Political Terms

1988

written in a clear and jargon free style this dictionary is useful to anyone without a legal qualification who comes into contact with the law in the united kingdom or any commonwealth country where the legal system is founded on english law

Real Life Dictionary of the Law

1995

excerpt from the dictionary of legal quotations the dicta of our chancellors and judges are so numerous and often so good that regret has often been expressed that a record in accessible form has not been made of them many excellent specimens of judicial rules generally and of forensic wit lie buried however among a vast quantity of dull material scattered in the law libraries and an attempt on a large scale has now been made for the first time it is believed to consult the treasures they contain and as far as is possible to disinter and codify them the author s object in producing this work has been to digest this kind of learning and thus exhibit in a compendious and accessible form those sayings embodied in judicial decisions which cannot be traced without considerable research and difficulty often difficulty upon any terms for the books are not always accessible or if accessible the quotations them selves are often as not quoted without folio or page or ene quoted in this lies the primary importance of this work which is therefore a supplementary digest in itself which it is hoped may obtain a wide sphere the judges of england have long enjoyed a well earned reputation for eminence and dialectic feeling and a study of their thoughts from their opinions and judgments show the numerous sayings both grave and gay that have proceeded from the judicial bench it was a bishop of london the late bishop creighton who once said that he found special virtues in old books 1 and so did the famous lord bacon how far this is correct as regards books of ordinary literature most people will agree but with regard about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of

imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Student's Law Lexicon

1888

excerpt from law dictionary use of students and the legal profession the need of an abridged law dictionary which should contain the substance of the unabridged dictionaries is conceded on all sides mr brown s english law dictionary seemed to supply this want in great britain but some changes were required to adapt it to american law and some additions were found desirable to render it complete the american editor has therefore made occasional changes in the text and while in some instances considerable matter has been stricken out as being without usefulness or interest to the american law student yet many new titles have been added and several definitions have been entirely rewritten the new titles are indicated by an asterisk other modifications it has been found impracticable to indicate it has not been the design to entirely americanize the work but only to conform it to the common law as existing in this country the statutory law of the different states and of the united states could not be embraced within the limits of this work even if that were appropriate in a law dictionary it is believed that the law student will find every thing of value in this little work which can be found in either bouvier s or burrill s large dictionaries and there are some features which are of unusual interest such as the accounts of the english courts and legal institutions which mr brown has furnished in a way unparalleled in any other dictionary the tables of law reports and their abbreviations and the list of legal maxims which are appended to the work by the american editor will be found of great service although the work remains substantially an english law dictionary the american editor is confident that it will be entirely satisfactory to the profession in this country besides possessing the superior merit of illustrating the principle of multum in parvo about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
