this is the first book to comprehensively examine the development of english canadian cinema since 1980 previous books in english have dealt either with specific films or filmmakers with policy or with specific genres avant garde film documentary films by women etc it deals with regional and institutional questions with the new authors that are defining contemporary cinema in english canada with avant garde work and work by aboriginal people bringing together a wide variety of contributors the book deals with an enormous amount of cinema that has helped transform north american culture of the last two decades table of contents this is the first book that comprehensively examines indigenous filmmaking in north america as it analyzes in detail a variety of representative films by canadian and us american indigenous filmmakers two films that contextualize the oral tradition three short films and four dramatic films the book explores how members of colonized groups use the medium of film as a means for cultural and political expression and thus enter the dominant colonial film discourse and create an answering discourse the theoretical framework is developed as an interdisciplinary approach combining postcolonialism indigenous studies and film studies as indigenous people are gradually taking control over the imagemaking process in the area of film and video they cease being studied and described objects and become subjects who create self controlled images of indigenous cultures the book explores the translatability of indigenous oral tradition into film touching upon the changes the cultural knowledge is subject to in this process including statements of indigenous filmmakers on this issue it also asks whether or not there is a definite indigenous film practice and whether filmmakers tend to dissociate their work from dominant classical filmmaking adapt to it or create new film forms and styles through converging classical film conventions and their conscious violation this approach presupposes that indigenous filmmakers are constantly in some state of reaction to western ethnographic filmmaking and to classical narrative filmmaking and its epitome the hollywood narrative cinema the films analyzed are the road allowance people by maria campbell itam hakim hopiit by victor masayesva talker by lloyd martell tenacity and smoke signals by chris eyre overweight with crooked teeth and honey moccasin by shelley niro big bear by gil cardinal and atanarjuat the fast runner by zacharias kunuk surplus record is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 120 000 industrial assets since 1924 including metalworking and fabricating machine tools lathes cnc equipment machine centers woodworking equipment food equipment chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more over 1 100 businesses list with the surplus record november 2023 issue vol 100 no 12 this report fema 350 recommended seismic design criteria for new steel moment frame buildings has been developed by the sac joint venture under contract to the federal emergency management agency fema to provide organizations engaged in the development of consensus design standards and building code provisions with recommended criteria for the design and construction of new buildings incorporating moment resisting steel frame construction to resist the effects of earthquakes it is one of a series of companion publications addressing the issue of the seismic performance of steel moment frame buildings the set of companion publications includes fema 350 recommended seismic design criteria for new steel moment frame buildings this publication provides recommended criteria supplemental to fema 302 1997 nehrp recommended provisions for seismic regulations for new buildings and other structures for the design and construction of steel moment frame buildings and provides alternative performance based design criteria fema 351 recommended seismic evaluation and upgrade criteria for existing and old steel

~~moment frame buildings this publication provides recommended methods to evaluate the probable~~  
performance of existing steel moment frame buildings in future earthquakes and to retrofit these  
buildings for improved performance fema 352 recommended postearthquake evaluation and repair  
criteria for welded steel moment frame buildings this publication provides recommendations for  
performing postearthquake inspections to detect damage in steel moment frame buildings following  
an earthquake evaluating the damaged buildings to determine their safety in the postearthquake  
environment and repairing damaged buildings fema 353 recommended specifications and quality  
assurance guidelines for steel moment frame construction for seismic applications this publication  
provides recommended specifications for the fabrication and erection of steel moment frames for  
seismic applications the recommended design criteria contained in the other companion documents  
are based on the material and workmanship standards contained in this document which also  
includes discussion of the basis for the quality control and quality assurance criteria contained in  
the recommended specifications the information contained in these recommended design criteria  
hereinafter referred to as recommended criteria is presented in the form of specific design and  
performance evaluation procedures together with supporting commentary explaining part of the  
basis for these recommendations surplus record is the leading independent business directory of
