Network Fundamentals, CCNA Exploration Companion Guide 2006 the innovative city culture of florence was the crucible within which renaissance ideas first caught fire with its soaring cathedral dome and its classically inspired palaces and piazzas it is perhaps the finest single expression of a society that is still at its heart an urban one for as brian jeffrey maxson reveals it is above all the city state the walled commune which became the chief driver of european commerce culture banking and art that is medieval italy s enduring legacy to the present charting the transition of florence from an obscure guelph republic to a regional superpower in which the glittering court of lorenzo the magnificent became the pride and envy of the continent the author authoritatively discusses a city that looked to the past for ideas even as it articulated a novel creativity uncovering passionate dispute and intrigue maxson sheds fresh light too on seminal events like the fiery end of oratorical firebrand savonarola and giuliano de medici s brutal murder by the rival pazzi family this book shows why florence harbinger and heartland of the renaissance is and has always been unique
