## **Code of Federal Regulations 1995**

this is the second of three volumes comprising the design of tva  
projects and is one of a planned series of special reports recording  
the experience of tva in carrying out the major phases of its  
engineering and construction program it undertakes to explain the  
engineering work involved in the design of electrical installations  
for primary water control stations of tva including switch yards  
constructed at the generating stations but not transmission lines and  
substations
