now in its third edition commonwealth caribbean business law continues to break away from the traditional english approach of treating business law primarily as the law of contract and agency taking a panoramic view it explores the foundation of various legal systems before examining areas of legal liability that affect business activities these include areas such as contract law tort law criminal law agency and internet law which present significant challenges confronting the business sector the book primarily targets the development of business law principles in several caribbean commonwealth jurisdictions but where appropriate also embraces the jurisprudence of other commonwealth nations such as the united kingdom canada and australia it also explores the united states as a non commonwealth jurisdiction given the increasing importance in the caribbean of judicial pronouncements relating to internet law from this territory using excerpts from key judgments the book allows students particularly those with a non legal background to understand key legal principles for business as presented by the judiciary and draws parallels between legal theory and business practice

## **The Product Liability Fairness Act**

2015-10-26

introduction to criminology why do they do it second edition by pamela j schram stephen g tibbetts offers a contemporary and integrated discussion of the key theories that help us understand crime in the 21st

century with a focus on why offenders commit crimes this bestseller skillfully engages students with real world cases and examples to help students explore the fundamentals of criminology to better align with how instructors actually teach this course coverage of violent and property crimes has been integrated into the theory chapters so students can clearly understand the application of theory to criminal behavior unlike other introductory criminology textbooks the second edition discusses issues of diversity in each chapter and covers many contemporary topics that are not well represented in other texts such as feminist criminology cybercrime hate crimes white collar crime homeland security and identity theft transnational comparisons regarding crime rates and the methods other countries use to deal with crime make this edition the most universal to date and a perfect companion for those wanting to learn about criminology in context
