Creating Equitable Services for the Gifted: Protocols for Identification, Implementation, and Evaluation

2021-11-12

given the importance of the development of intellectualism and the need to ensure equity and access to learning experiences educators at all levels must be aware of research based protocols to identify serve and evaluate programs for diverse gifted learners it is essential to understand how gifted education can increase equity in identification practices for historically underrepresented groups what the specific curricular opportunities are that must be provided to learners to develop gifted programs and what the key considerations are to the design and implementation of authentic and equitable programs for gifted learners creating equitable services for the gifted protocols for identification implementation and evaluation curates cutting edge protocols in the field of gifted education related to the areas of equitable identification implementation of services and programmatic assessment these protocols seek to initiate discussion and critical discourse regarding diverse gifted learners among higher education faculty state department personnel district administrators and classroom teachers covering topics such as digital differentiation equitable assessment and stem education this text is ideal for teacher education programs preparation programs university degree programs university credential programs certificate programs faculty graduate students state departments of education superintendents coordinators administrators teachers professors academicians and researchers

Teen Television

2008-03-22

this essay collection explores the phenomenon of teen tv in the united states analyzing the meanings and manifestations of this category of programming from a variety of perspectives part one views teen television through an industrial perspective examining how networks such as wb upn the cw and the n have created a unique economic framework based on demographic niches and teen focused narrowcasting part two focuses on popular teen programs from a cultural context evaluating how such programs reflect and at times stretch the envelope of the

cultural contexts in which they are created finally part three explores the cultures of reception including the realms of teen consumerism fan discourse and unofficial production through which teens and consumers of teen media have become authors of the teenage experience in their own right

Thesaurus linguæ Latinæ compendiarius; or, a compendious dictionary of the Latin tongue

1746

this book is an exploration of the changes in russian cultural identity in the twenty years after the fall of the soviet state through close readings of a select number of contemporary russian films and television series irina souch investigates how a variety of popular cultural tropes ranging from the patriarchal family to the country idyll survived the demise of communism and maintained their power to inform the russian people s self image she shows how these tropes continue to define attitudes towards political authority economic disparity ethnic and cultural difference generational relations and gender the author also introduces theories of identity developed in russia at the same time enabling these works to act as sites of productive dialogue with the more familiar discourses of western scholarship

Popular Tropes of Identity in Contemporary Russian Television and Film

2017-11-16

this book won the ohio professional writer s inc 2014 communication competition award now in its second edition the televising audience is a user s guide for the only household appliance that doesn t come with one watching television seems relatively effortless it is after all a major form of entertainment in the u s and overseas yet this book argues that there is nothing simple about watching television it is a learned activity which is in a constant state of revision and upgrading now more than ever televising requires the generation and application of critical thinking to guide program selection inform appreciation generate greater pleasure and inspire dialogue after consumption this book is about becoming a more thoughtful and informed consumer designed to shatter the anonymity of the viewer and to create a sense of community for we rarely think of ourselves as instrumental in the televising experience or think of the experience as a shared event designed for courses related to broadcasting media effects media literacy and audience studies this book provides a comprehensive overview of the ways in which television influences the way we think about ourselves and our culture it places us center stage in the extremely complicated competitive creative and costly endeavor that is television
