lucifer the fallen angel and cause of all evil is a well known entity however during the course of bible study and biblical history research the author realizes that there was never a lot of time and thought put into lucifer s life story and the true reason that he fell from grace since he was the first of all created creatures and intelligent beings called into existence surely he began his life in a state of absolute innocence in the evolution of time the core of his character underwent change in the same manner as do ours from the moment of our birth the difference between our growth years during which many of us fall from grace committing sin and become evil and his time of growth is a matter of parental and friendship influences that are of a fallen nature lucifer was surrounded by beings loyal to the creator and the creator was his teacher therefore lucifer had no excuse for his course of action he had never seen any examples of disobedience hence his rebellion was an invention that materialized from within his own heart he is not only the father of lies but also the inventor of games involving deception and misdirection like the peoples of this world who spend a great deal of their time playing all types of games to distort good into evil so did lucifer play a game of deceit even though the angels were naive and did not know the purpose of lucifer s games just by innocently participating they turned away from the lord causing them to lose eternal life through the course of this reading you will see both the mercy and love of god extended without limitations to his fallen creation you will see the progression of character development one in obedience to the creator and the other in disobedience that leads to death it is the author s hope that this work will help you develop a deeper relationship with our redeemer christ jesus the son of god by making you aware of how easy it is to fall from grace
