adam fine also shows how to ask questions on both direct examination and cross examination so the jury will know the answers before the witnesses whether lay or expert respond simply put if you phrase your questions so that the jury answers them the way you want before your witnesses answer and irrespective of what your adversary s witnesses may say on cross examination you will win for a further explanation of ralph adam fine s and winning techniques as well as what other lawyers have said about the how to win trial manual visit his website win your trial com ralph adam fine shows you how to do all of this and more you and your clients deserve no less
