a new translation from the original russian manuscript with a new afterword by the translator and a timeline of stalin s life and works in a period where various revolutionary ideas vied for dominance stalin makes a case against anarchism a significant rival ideology his critique also underscores the tension between bolsheviks and anarchists during the revolutionary period

Anarchism or Socialism

1953-01-01

containing footnotes and an extensive bibliography this edition of franz mehring s classic biography is designed to assist the english speaking reader towards a better understanding of marx his work and a history of marxism the book is divided into parts as follows early years a pupil of hegel exile in paris friedrich engels exile in brussels revolution and counter revolution exile in london marx and engels the crimean war and the crisis dynastic changes the early years of the international das kapital the zenith and decline of the international the last decade

Karl Marx: The Story of His Life

2013-10-16

this is a collection of essays on wittgenstein and wittgensteinian themes that appeared between 1996 and 2019 it is divided into three parts with a common trajectory laid out in a substantial introduction the first part links meaning necessity and normativity it defends and modifies wittgenstein s claim that the idea of a grammatical rule holds the key to understanding linguistic meaning and its connection to necessary truth the second part elucidates the connections between meaning concepts and thought in wittgenstein and beyond it shows how he laid the grounds for a sound understanding of four contested issues radical interpretation concepts nonsense and animal minds the third part provides a qualified defence of wittgenstein s controversial idea that philosophical problems are conceptual and thereby rooted in confusions concerning the meanings of and semantic relations between linguistic expressions against irrationalist interpretations it demonstrates that wittgenstein s method is argumentative rather than therapeutic the collection as a whole makes a powerful case for an analytic perspective on wittgenstein the essays bring out the abiding relevance of wittgenstein s reflections to contemporary debates on central topics such as the role of normativity the foundations of linguistic meaning the nature of concepts the possibility of animal thought and the proper methods of philosophy

International Futurism in Arts and Literature

2012-10-25

this book explores how humorous depictions of the great war helped to familiarise domesticate and tame the conflict in contrast to the well known first world war literature that focuses on extraordinary emotional disruption and the extremes of war this study shows other writers used humour to create a gentle mild amusement drawing on familiar popular genres and forms used before 1914 emily anderson argues that this humorous literature helped to transform the war into quotidian experience based on little known primary material uncovered through detailed archival research the book focuses on works that while written by celebrated authors tend not to be placed in the canon of great war literature each chapter examines key examples of literary texts ranging from short stories and poetry to theatre and periodicals in doing so the book investigates the complex political and social significance of this tame style of humour

Humour in British First World War Literature

2023-09-11

this work seeks to shed light on one of the most enigmatic masterpieces of twentieth century thought at the heart of eli friedlander s interpretation is the internal relation between the logical and the ethical in the tractatus a relation that emerges in the work of drawing the limits of language bearing on the question of the divide between analytic and continental philosophy this interpretation views wittgenstein s work as a possible mediation between these two central philosophical traditions of the modern age
