encouraging words by charlie gross you ll find the short stories amusing interesting zany but massively encouraging this is a new release of the original 1931 edition christmas 2006 before there was a collection of poems and words of encouragement and inspiration i gave my mother a gift from my heart a daughter s poem eight years later my father passed away the morning of his funeral i woke up at 3 30 grabbed pen and paper and wrote the poem a tribute to my dad my parents lived on top of a mountain in the wichita mountain range and wildlife refuge in oklahoma five hundred miles from my front door back in the day my family and i mom and dad had great adventures climbing mountains hiking trails and watching the buffalo roam most days in the still of the early morning light dad would take their dog darla for a walk down the hill and back on occasion i walked with them on one such occasion dad said he wanted to show me something interesting so i followed him to the front line of the property where stood an old snarled twisted tree in the middle of the tree trunk was a big hole when you looked inside the hole you could see the trunk was hollow whenever you discover a hole in the trunk of a tree the first rule is to put a secret message in a glass jar and drop it down into the hole and that s just what we did when those beautiful days surrendered to evening shadows my mom and i would sit on the swing in her garden eat ice cream talk about days gone by and watch the sun slide behind the mountaintops years passed and seasons changed and i understood that my parent s unconditional love and unselfish acts of kindness were unspoken words of encouragement which inspired this writer to collect and share her own words of encouragement and inspiration there are many purposes of a few words of encouragement it can inspire current people who are faith based or nonfaith based who feel bored or individuals that feel they want to do something new through the ideas and inspirational reflections that comes from prayer and meditation of this book individuals can hopefully learn a different perspective that will guide them in becoming less stressed about the situations tell you that there is a way and his name is jesus christ our lord and savior he is the light in this dark world that we presently live in my words are written to tell us it is time to awaken to his many grace mercies and blessings we are receiving and for those who have received they should be the most grateful our lives will always be about the uncertainties which keeps us oftentimes in fear let us find a rejoicing heart a quiet soul and the peace of mind that is given by our lord come out from under the darkness are we not tired of our lifeless bodies what are we hiding from where we are hiding from what is holding you back our lord can fix it all these are questions we need to take time to ponder upon so if you believe that by faith you are being called take the challenge and answer authors of our day in a world touched by storms conflicts and heartache encouragement for life reminds us where we can find the eternal source of encouragement and hope words of encouragement from my father is a book of inspirational poetry given to me from god to uplift encourage minister to and strengthen the hearts and minds of his people along with those whom will become his also most of the poems were written during the time i was dealing with the spirit of depression while being depressed god gave me poetry as an outlet to release that spirit from me encouraging others is second nature to me every emotion though and experience went into this book as christians we reflect the spirit of christ s belief in our personal worth yet believing in ourselves can be

difficult no one wants to lack confidence no one likes feeling anxious yet narcissistic living in feeling or behavior is equally dissatisfying living at either extreme does not allow us to become the best version of ourselves the answer lies somewhere in the center and encouragement is a vital component in finding the balance we seek this book is about encouragement building up others and creating safe spaces where it s okay to be honest and vulnerable these three things encouragement reassurance and safety foster environments of honesty confidence and productivity most people if asked for an honest answer would say they lack confidence in at least some regard self doubt leads to low self esteem which leads to low productivity which leads to anxiety all of which fuel a lack of confidence this vicious cycle is not a challenge only for teenagers many people never break out of this trap lacking confidence throughout life compounding this destructive habit is an overall problem with dishonesty in our society in many areas of our lives it s not safe to be vulnerable so we create stories about ourselves based on lies we don t tell people we are stressed out uncertain or need help because confessing these weaknesses might cost us our job or reputation or cause us to be the subjects of gossip so we play this game where we are less than honest the heart of encouragement contains 176 reflections based on 18 verses of scripture 1 thessalonians 5 11 28 each offered with the goal to encourage and build you up in one area of life and in turn give concrete ideas of how to encourage and build up other people as well most reflections include a daily encouragement challenge practice to infuse encouragement into our world with a forward by tim tassopoulos president and coo of chick
