available for bmw cars these manuals provide the highest level of clarity and completeness for all service and repair procedures enthusiasts do it yourselfers and professional technicians will appreciate the quality of photographs and illustrations theory of operation and accurate step by step instructions if you are looking for better understanding of your bmw look no further than bentley even if you do not repair your own vehicle knowledge of its internal workings will help you when discussing repairs and maintenance with your professional automotive technician this bentley manual is the only comprehensive single source of service information and specifications available specifically for bmw 5 series from 1997 to 2002 the aim throughout this manual has been simplicity clarity and completeness with practical explanations step by step procedures and accurate specifications whether you are a professional or a do it yourself bmw owner this manual will help you understand care for and repair your e39 5 series though the do it yourself bmw owner will find this manual indispensable as a source of detailed maintenance and repair information the bmw owner who has no intention of working on his or her car will find that reading and owning this manual will make it possible to discuss repairs more intelligently with a professional technician from the exotic m1 and 850csi to the popular 3 5 and 7 series sports luxury tourers this all color buyer s guide points the way through the full history of the bmw marque and offers valuable specifications production numbers investment advice and more take the ultimate driving machine out for a test drive before you buy comparable title illustrated bmw buyer s guide 2nd ed 0 87938 754 8 nitrous oxide is no longer purely for drag and street racers this power boosting add on is now available for many production cars and even mopeds covering all aspects of nitrous oxide systems this book presents all the facts illustrated with 150 colour photographs in a clear and easy to understand way in this manual motoring historian james taylor tells the story of the design development and production of the bmw 5 series through each generation topics covered include the history of bmw before the 5 series detailed model by model specifications production details and running costs m series and touring models and advice on buying a bmw 5 series today bmw is a company associated with motoring firsts the very idea of a sports sedan was merely a novelty until bmw introduced the 5 series in 1972 as bmw s middle child the 5 series has drawn features from the company s smallest and largest models establishing a reputation for performance and practicality through multiple generations this book covers the history of the 5 series midsize sedan and the related x5 suv from september 1972 to the e60 s major makeover for 2008 and the development of the e70 x5 specific mechanical electronic and cosmetic changes are described including the time of and reasons for their introduction several aspects of bmw s corporate history and technically related models such as the 6 series are also described as are aftermarket modifications by alpina hartge and other specialist bmw tuners and speed shops the book includes more than 200 photographs a history including motorsport of the bmw 5 series executive cars the text chronicles the series the evolution through changing design and specification and marketing of the mid range bmw through four generations of production the complete book of bmw is a master work the word definitive is a bold claim but this book should be viewed in this light it is the most comprehensive survey of bmw group models from the 501 right up to this year s 1 and 6 series published in the english language data tables covering specifications production volumes and prices will be invaluable to the bmw enthusiast and the layout and production volumes are second to none tony lewin deserves high praise for this outstanding book chris willows corporate communications director bmw great britain bmw is the most remarkable phenomenon to hit the auto industry in a generation celebrated for its luxury sports cars motorcycles and aero engines in the pre war era it squandered its glamorous heritage in the 1950s on its knees and near bankrupt it was rejected as a lost cause when offered by desperate banks to mercedes benz but thanks to a wealthy german aristocrat a brilliant engineer and a young and inspirational manager mercedes would soon regret not having scooped up the once glorious firm pioneering the concept of the compact high quality sports saloon the visionary new team systematically built bmw into the spectacular success we know today through the most expressive medium of all the cars themselves the complete book of bmw tells the story of one of the most remarkable turnarounds of the century from the iconic 2002tii of the 1960s through the mighty m3 of the 1990s to today s born again mini and the crowning glory of the rolls royce phantom every model since 1962 technical specifications and performance data production and sales data key decisions that made bmw great von kuenheim s brilliant template taking technology leadership 1 600 color photographs the new focus premium at every level about the authority tony lewin is an automotive writer and commentator specializing in the business and design sides of the auto industry he has reported on the automobile sector for more than two decades as editor of industry publications such as what car financial times automotive world and world automotive manufacturing and as a regular columnist in magazines and newspapers in europe japan and the united states general audiencethe complete book of bmw tells the remarkable story of the company and its cars from the luxury sports cars and motorcycles of the pre war era through its rebirth at the hands of a wealthy german aristocrat a brilliant engineer and an inspired manager during the past two decades the book uses the most expressive medium of all the cars themselves to illustrate the story of one of the most remarkable turnarounds in automotive history singapore s best homegrown car magazine with an editorial dream team driving it we fuel the need for speed singapore s best homegrown car magazine
