The Business Acumen Handbook 2019-01-29 leaders rely on business people to see the big picture and get things done they want mindset and mojo all in one the problem is that all business people aren't wired that way and that's where the business acumen handbook comes in the main idea behind the business acumen handbook is to help managers understand the pillars of their company's business and to operate more effectively and efficiently after reading this book you'll be able to understand and apply the dimensions of business acumen that focus on people processes projects and products so that you can see the big picture of business incorporate finance strategy and performance management into your professional mindset develop a model for how to effectively communicate with and influence others understand complex business situations evaluate facts and data and make better decisions the book is filled with tools templates exercises and guidelines it also introduces readers to their own individual business acumen assessment so that they can create a purposeful career and professional development strategy this book is also the companion text for the business acumen workshop offered by the business acumen institute visit businessacumeninstitute.com

The Handbook of Virtue Ethics 2014-09-11 virtue ethics has emerged as a distinct field within moral theory whether as an alternative account of right action or as a conception of normativity which departs entirely from the obligatoriness of morality and has proved itself invaluable to many aspects of contemporary applied ethics virtue ethics now flourishes in philosophy sociology and theology and its applications extend to law politics and bioethics the handbook of virtue ethics brings together leading international scholars to provide an overview of the field each chapter summarizes and assesses the most important work on a particular topic and sets this work in the context of historical developments taking a global approach by embracing a variety of major cultural traditions along with the western the handbook maps the emergence of virtue ethics and provides a framework for future developments

The Handbook of Contemporary Animism 2014-09-11 the handbook of contemporary animism brings together an international team of scholars to examine the full range of animist worldviews and practices the volume opens with an examination of recent approaches to animism this is followed by evaluations of ethnographic cognitive literary performative and material culture approaches as well as advances in activist and indigenous thinking about animism this handbook will be invaluable to students and scholars of religion sociology and anthropology

The Handbook of Religions in Ancient Europe 2014-09-11 the handbook of religions in ancient europe surveys the major religious currents of europe before christianity the first continental religion with hegemonic ambition wiped out most local religions the evidence whether archaeological or written is notoriously difficult to interpret and the variety of religions documented by the sources and the range of languages used are bewildering the handbook brings together leading authorities on pre christian religious history to provide a state of the art survey the first section of the book covers the prehistoric period from the paleolithic to the bronze age the second section covers the period since writing systems began ranging across the mediterranean and northern celtic and slavic europe the essays assess the archaeological and textual evidence dispersed archaeological remains and biased outside sources constitute our main sources of information so the complex task of interpreting these traces is explained for each case the handbook also aims to highlight the plurality of religion in ancient europe the many ways in which it is expressed notably in discourse action organization and material culture how it is produced and maintained by different people with different interests how communities always connect with or disassociate from adjunct communities and how their beliefs and rituals are shaped by these relationships the handbook will be invaluable to anyone interested in ancient history and also to scholars and students of religion anthropology archaeology and classical studies

The Illiterate Executive 2016-08-11 it is essential that every business executive be conversant in the principles of finance this is a handbook for developing your financial acumen to give you a stronger voice inside the executive boardroom from accounting to finance from risk management to capital allocation no stone is left unturned this is a one stop reference source to guide any executive through the most important decisions and conversations that go on in the executive boardrooms of every organization stories of failed executives illustrate the importance of financial acumen and provide a launching point for discussing finance principles in practical scenarios whether you are running

your own company or an executive in a larger organization you will become an impressive financial practitioner without getting mired in the details and theoretical complexities contained in most financial textbooks learn what matters and how to use it to your advantage to analyze financial information with ease make smarter business decisions develop strategy and allocate capital with a financial return in mind hire and manage financial people better and avoid financial disasters that can ruin your company
