The book of the Lamborghini Murciélago

2021-10-21

the wedge shaped v12 lamborghini flagships were always spectacular in shape sound and performance the murciélago was an evolution of the countach and the diablo and was as iconic in its time as its illustrious predecessors were in theirs this book examines the murcielago in detail while casting a look back through lamborghini s troubled history to understand how the murciélago came into being ferruccio lamborghini patrick minram megatech chrysler and finally vw audi all played their part in the birth of this modern classic the book touches on the people and organisations involved in the production of this iconic car before examining each of the model variants and discusses the joys and tribulations of ownership

repair manuals and other publications related to the individual models

Gale's Auto Sourcebook

1992-05

this book examines the diablo in detail starting with ferruccio lamborghini s objectives for his eponymous supercar company and his diktat that it eschew racing which would go on to heavily influence the diablo s design and development even though the founder had long since left the company each of the model variants is examined in detail as are the socio politico economic factors that that made designing and developing the diablo imperative and unavoidable and which forced the sant agata works into making evolutionary modifications as well as introducing radical innovations over the course of the diablo s long reign written by two passionate and deeply knowledgeable owners who for over two decades have run two wedge shaped spaceframe bizzarrini engined lamborghini flagships this book also delves into pre purchase considerations the diablo s known foibles and the value of a pre purchase inspection before discussing the buying process the trials and tribulations of periodic servicing preventative maintenance and garaging after which it shares the sheer elation and exhilaration of actually piloting a diablo
