The Origin of the Life of a Human Being 2003 this study attempts to determine how the ancient indian medicinal and sexological texts would answer a non medical question but also social and religious relevance namelyl what happens in a woman s body at the time of conception to this end numerous relevant texts were exhaustively analysed along with several secondary sources and other traditional medicinal systems

Sexology 2011-12-13 sexology as a discipline has had to fight for full fledged recognition in the scientific community yet special knowledge of normal and disturbed sexual behavior is expected of medical professionals psychologists and educators alike based on the papers given at the 8th world congress for sexology in 1987 this volume gives an up to date discussion of the most interesting and controversial topics such as aids in the field contributions have been grouped under the main headings family planning sterility and sexuality erectile dysfunction sexuality in the elderly and in marriage transsexualism sexual therapy and sexuality and illness and include items of historical interest as well as transcultural comparisons

Colonizing Sex 2003-10-07 table of contents

Emerging Dimensions of Sexology 1984 this multidisciplinary review examines state of the art thinking on contemporary sexology

Human Sexuality in Medical Education and Practice 1968 sex has no history but sexual science does starting in the late nineteenth century scholars and activists all over the world suddenly began to insist that understandings of sex be based on science as japanese and indian sexologists influenced their german british and american counterparts and vice versa sexuality modernity and imaginings of exotified others became intimately linked the first anthology to provide a worldwide perspective on the birth and development of the field a global history of sexual science contends that actors outside of europe in asia latin america and africa became important interlocutors in debates on prostitution birth control or transvestitism ideas circulated through intellectual exchange travel and internationally produced and disseminated publications twenty scholars tackle specific issues including the female orgasm and the criminalization of male homosexuality to demonstrate how concepts and ideas introduced by sexual scientists gained currency throughout the modern world

A Global History of Sexual Science, 1880-1960 2017-11-14 sexology the art and science of helping other people with their sexual problems has been an integrated part of every culture throughout history the original holistic sexological therapy using both talking and touching for healing developed into either talk therapy or touch therapy during the 20th century the practice of holistic sexology consist of therapeutic conversation and manual sexological therapy often called vaginal massage vaginal acupressure and pelvic floor physical therapy this book examines and presents research in the field of holistic sexology which integrates the knowledge and tools of many different traditions for reichian therapy sexology and pelvic physiotherapy

Human Sexuality in Medical Education and Practice 1968 ideas about human sexuality and sexual development changed dramatically across the first half of the 20th century as scholars such as magnus hirschfeld iwan bloch albert moll and karenorney in berlin and sigmund freud wilhelm stekel and helene deutsch in vienna were recognized as leaders in their fields the german speaking world quickly became the international center of medical scientific sex research and the birthplace of two new and distinct professional disciplines sexology and psychoanalysis this is the first book to closely examine vital encounters among this era s german speaking researchers across their emerging professional and disciplinary boundaries although psychoanalysis was often considered part of a broader sexual science sexologists increasingly distanced themselves from its mysterious concepts and clinical methods instead they turned to more pragmatic interventionist therapies in particular to the burgeoning field of hormone research which they saw as crucial to establishing their own professional relevance as sexology and psychoanalysis diverged heated debates arose around concerns such as the sexual life of the child the origins and treatment of homosexuality and transgender phenomena and female frigidity this new story of the emergence of two separate approaches to the study of sex demonstrates that the distinctions between them were always part of a dialogic and competitive process it fundamentally revises our understanding of the production of modern sexual subjects

Sexology from a Holistic Point of View 2011 histories of sexology between science and politics takes an interdisciplinary and reflexive approach to the historiography of sexology drawing on an intellectual history perspective informed by recent developments in science and technology studies and political history of science this book examines specific social cultural intellectual scientific and political contexts that have given shape to theories

of sexuality but also to practices in medicine psychology education and sexology furthermore it explores various ways that theories of sexuality have both informed and been produced by sexologies as scientific and clinical discourses about sex in western countries since the 19th century alain giami is emeritus research professor at inserm national institute of health and medical research in paris france sharman levinson is associate professor at the university of angers france where she specializes in history of french physiology and psychology

Sex between Body and Mind 2019-11-25 examines the shape and shaping of sexual ideas and related scientific practices and cultural representations in parts of europe asia the middle east and south america between the late 19th century and the years leading up to world war ii offering insights on the intersections between sexuality and modernity in a range of disciplinary cultural and trans national contexts
Histories of Sexology 2021 eastern europe in the cold war enjoyed its sexual liberation in czechoslovakia this liberation came from above mediated by experts

Sexology and Translation 2015-10 call it a remnant of our victorian past but sexual concerns lag behind other aspects of health both in the training of physicians and therapists and in the way they impart this knowledge to clients but as sexuality gains recognition as crucial to one's quality of life evidence based methods of understanding and discussing sex are imperative and not only in treating pathology sexual medicine in clinical practice provides framework rationale and strategies for both approaching sexual problems and addressing patients questions about sexual health behavior and relationships analyzing sexuality along three dimensions attachment reproduction and desire this concise manual offers a biopsychosocial lifespan model readily translatable into clinical work this syndyastic framework integrates attachment and relational theory to reinforce the bond between intimacy and connectedness and models nonjudgmental approaches to disorders of sexual function maturity preference and behavior the authors salutogenic rather than pathogenic focus lets clients become major players in their own healing and the therapist or doctor serve as expert and guide among the topics covered the communicative function of sexuality the spectrum of sexual disorders principles of diagnostics in sexual medicine disease centered versus client centered aspects of sexual therapy therapeutic approaches for sexual traumatization new challenges including preventing child sexual abuse and online sex crime plus case studies interdisciplinary references and ethical issues a timely perspective and practice altering volume sexual medicine in clinical practice is essential reading for family and primary care physicians family and sex therapists health psychologists and psychiatrists

Sexual Liberation, Socialist Style 2018-05-03 self declaration in the legal recognition of gender examines the impact of legislation premised upon the principle of self declaration of legal gender status existing doctrinal and comparative analyses have tended to come out strongly in favour of or against self declaration this book offers a socio legal alternative which focuses on how self declaration is experienced on an embodied level by trans and gender diverse people it presents research conducted in denmark which became the first european state to adopt self declaration in june 2014 by analysing danish law through a foucauldian framework which brings together socio feminist and trans legal scholarship on embodiment and jurisdiction the book offers the first empirically based and theoretically informed analysis of self declaration it draws upon legal consciousness affect theory vulnerability and governmentality literatures to argue that the jurisdictional boundaries which existed between law and medicine were maintained throughout the reform process this limited the impact of the legislation enabling access to health care to be restricted in the same year in which amending legal gender status was liberalised as the list of states that have adopted self declaration increases this intervention offers activists and policymakers insights which might shape how they respond to similar reform proposals in the future a timely and important assessment this book will appeal to researchers and practitioners working in trans gender feminist legal and socio legal studies

Sexual Medicine in Clinical Practice 2012-11-05 how did the communist regime in czechoslovakia approach non heterosexuality how did young girls and boys come to realize their queer desires and identities within a state known for repressing individuality what did they do with that self awareness and later on as adults what strategies did they employ in their everyday dealings with a state that defined homosexuality as a medical diagnosis queer encounters with communist power answers these questions as it interweaves groundbreaking queer oral history with meticulous archival research into the discourses on homosexuality and transsexuality in czechoslovakia from 1948 to 1989

Self-Declaration in the Legal Recognition of Gender 2022-10-21 while social change regarding trans sexuality has evolved within an expanding nexus of concepts practices regulations and institutions this process has barely been analysed systematically against the background of legislative processes on gender recognition in a society shaped by heteronormative hegemony adrian de silva traces how sexology the law federal politics and the trans movement interacted to generate or challenge concepts of trans sexuality from the mid 1960s to 2014 in the federal republic of germany the interdisciplinary study draws upon and contributes to debates in trans gender and queer studies political science sociology of law sexology and the social movement

Queer Encounters with Communist Power 2021-12-01 a completely updated one volume edition of the 4 volume international encyclopedia of sexuality includes nearly 60 countries and places 12 not previously covered by more than 200 authorities it is the only reference work of its kind in any language

Negotiating the Borders of the Gender Regime 2018-07-31 in the new millennium categories of identity have become particularly destabilized with the emergence of a new generation of people in the nordic region who demand more dynamic and fluid identities new dimensions of diversity in nordic culture and society reinvestigates the tired concept of diversity to make room for dynamic new realities as well as the ample new questions to which they give rise this volume assumes diversity to be a fundamental feature of nordic modernity given that the nordic countries consistently rank among the world s wealthiest most educated and most egalitarian these case studies provide important counter narratives to prevailing local and global discourses of nordic ness the contributors not only interrogate historical categories of diversity in a nordic context including gender sex class ethnicity and race they also show how these categories intersect they examine new forms of and platforms for diverse ideas and creative expression including fluid masculinities digital cultures new media and fashion they question the terms on which the nordic region s indigenous peoples the sámí and the greenlandic inuit as well as stateless people such as the kurds are brought into nordic discussions of diversity citizenship and agency and analyze the implications of particular neo nationalist and patriarchal discourses that have emerged since the turn of the century the book draws from a variety of disciplinary perspectives and interdisciplinary fields and will spark productive and critical conversations among all with an interest in the national and regional cultures subcultures and social dynamics that inform modern life in the nordic region

The Continuum Complete International Encyclopedia of Sexuality 2004-01-01 using rich case material and research presented by distinguished authorities in the fields of sex couple family and psychotherapy this edited book contributes to our efforts to help individuals and couples increase their sexual satisfaction the authors explore social and cultural backgrounds the meaning of sexual problems in specific cultural contexts and the way in which culture presents challenges to traditional psychotherapy more importantly they answer the question should therapists accept any and all behaviors values and attitudes that are considered normal even if they violate the therapist s own cultural standards the case studies identify challenging cultural issues and provide clinicians with culturally sensitive treatment options the book s sections also separate chapters based on the degree to which psychological treatments are recognized and utilized for dealing with sexual problems in different countries making it an ideal reference for professionals and students the concluding chapter looks at culture through the lens of the provider rather than the patient and ties together the major themes and questions posed

New Dimensions of Diversity in Nordic Culture and Society 2016-04-26 first published in 1994 routledge is an imprint of taylor francis an informa company

The Cultural Context of Sexual Pleasure and Problems 2012-09-10 the late nineteenth century fin de siècle has proved an enduringly fascinating moment in literary and cultural history it is associated with the emergence of intriguing figures such as the new woman and uranian with contradictory impulses of decadence and decay on the one hand and of experiment and renewal on the other as well as with unprecedented intercultural exchange especially between britain and france the 22 newly commissioned essays collected here re examine some of the key concepts taken to define the fin de siècle while also introducing hitherto overlooked cultural phenomena into the frame such as the importance of humanitarianism the impact of recent research in material culture is explored particularly how the history of the book and the history of performance

culture is changing our understanding of this period a wide range of cultural activities is discussed from participation in avant garde theatre to interior decoration and from the writing of poetry to political and religious activism together the essays provide new scholarly insights into british fin de siècle and enrich our understanding of this complex period while paying particular attention to the importance of regionalism

Human Sexuality 2014-01-14 the lives of many lesbians prior to 1965 remain cloaked in mystery historians have turned the spotlight on upper middle class romantic friends and on working class butch and femme women but the lives of the lower middle class majority remain in the shadows awfully devoted women offers a portrait of middle class lesbianism in the decades before the gay rights movement in english canada this intimate study of the lives of women who were forced to love in secret not only challenges the idea that lesbian relationships in the past were asexual it also reveals the courage it took to explore desire in an era when women were supposed to know little about sexuality

Edinburgh Companion to Fin de Siecle Literature, Culture and the Arts 2017-10-23 theories and practices of psychoanalysis in central europe explores the close relationship between psychoanalysis psycho medical discourses literature and the visual arts of the late 1800s and early 1900s in central europe agnieszka sobolewska addresses the issue of theories and practices of psychoanalysis in central europe and the need to undertake interdisciplinary reflection on the specificity of psychoanalytic literary genres and fin de siècle psycho medical discourses with a focus on the circulation of freudianism in the territories of present day austria hungary the czech republic poland and germany the book considers the creative transformations that psychoanalytic thought underwent in these countries and reflects on the specificity of psychoanalytic literary genres and the pivotal role of lifewriting genres in the psychoanalytic movement sobolewska s work both fills a visible gap in research on the history of psychoanalysis in central europe before the outbreak of world war ii and offers the first insightful analysis of the role of life writing in the development of psychoanalytic thought theories and practices of psychoanalysis in central europe will be of great interest to psychoanalysts in practice and in training as well as scholars of the history of psychoanalysis the history of psychology literature cultural anthropology and modernism

Awfully Devoted Women 2011-01-01 in paris in 1954 a young man named andré baudry founded arcadie an organization for homophiles that would become the largest of its kind that has ever existed in france lasting nearly thirty years in addition to acting as the only public voice for french gays prior to the explosion of radicalism of 1968 arcadie with its club and review was a social and intellectual hub attracting support from individuals as diverse as jean cocteau and michel foucault and offering support and solidarity to thousands of isolated individuals yet despite its huge importance arcadie has largely disappeared from the historical record the main cause of this neglect julian jackson explains in living in arcadia is that during the post stonewall era of queer activism baudry s organization fell into disfavor dismissed as conservative conformist and closeted through extensive archival research and numerous interviews with the reclusive baudry jackson challenges this reductive view uncovering arcadie s pioneering efforts to educate the european public about homosexuality in an era of renewed repression in the course of relating this absorbing history jackson offers a startlingly original account of the history of homosexuality in modern france

Theories and Practices of Psychoanalysis in Central Europe 2023-10-13 reframing drag provides a critical survey of french and anglo american queer and feminist theorizations of drag performance placing these approaches in a dialogue with contemporary drag practice and the representation of drag in three literary texts challenging pervasive assumptions circulating in existing queer and feminist analyses of drag performance the author identifies and questions three recurring ideas which have shaped the landscape of drag research the argument that drag performances either uphold or subvert oppressive gender norms the assumption that drag involves performing as the opposite sex and the belief that drag can shed light on gender performativity informed by a range of gender and queer theory this work contends that an intersectional transfeminist approach to drag performance can provide richer more nuanced understandings of drag and unlike the opposite sex narrative acknowledges the gender diversity at work in current drag scenes

Living in Arcadia 2009-12-15 an examination of how female same sex desires were represented in a wide range of italian and british medical writings 1870 1920 it shows how the psychiatric category of sexual inversion was positioned alongside other medical ideas of same sex desires such as the virago tribade prostitute fiamma and gynaecological explanations
