The Black and the Blue 2018-08-07

during his 28 year career matthew horace rose through the ranks from a police officer working the beat to a federal agent working criminal cases in some of the toughest communities in america to a highly decorated federal law enforcement executive managing high profile investigations nationwide yet it was not until seven years into his service when horace found himself face down on the ground with a gun pointed at his head by a white fellow officer that he fully understood the racism seething within america s police departments through gut wrenching reportage on the ground research and personal accounts from interviews with police and government officials around the country horace presents an insider s examination of archaic police tactics he dissects some of the nation s most highly publicized police shootings and communities to explain how these systems and tactics have hurt the people they serve revealing the mistakes that have stoked racist policing sky high incarceration rates and an epidemic of violence horace s authority as an experienced officer as well as his obvious integrity and courage provides the book with a gravitas the washington post the black and the blue is an affirmation of the critical need for criminal justice reform all the more urgent because it comes from an insider who respects his profession yet is willing to reveal its flaws usa today

To Protect and to Serve 2004

to protect and to serve a history of police in america fills a void in both criminal justice and historical scholarship regarding the history and development of american police the leaders the organizational strategies and the community problems that created the need for police departments are presented in an insightful and readable format that will appeal to students and scholars alike to protect and to serve explores the influence of slave patrols corruption by political machines urbanization and the desire for reform and professionalism in america s police departments the authors bring together the fields of criminal justice and history as well as the roles of practitioner and scholar to create a fascinating survey of the evolution of police in american society from publisher s description

Rise of the Warrior Cop 2021-06-01

this groundbreaking history of how american police forces have been militarized is now revised and updated newly added material brings the story through 2020 including analysis of the ferguson protests the obama and trump administrations and the george floyd protests the last days of colonialism taught america s revolutionaries that soldiers in the streets bring conflict and tyranny as a result our country has generally worked to keep the military out of law enforcement but over the last two centuries america s cops have increasingly come to resemble ground troops the consequences have been dire the home is no longer a place of sanctuary the fourth amendment has been gutted and police today have been conditioned to see the citizens they serve as enemies in rise of the warrior cop balko shows how politicians ill considered policies and relentless

declarations of war against vague enemies like crime drugs and terror have blurred the distinction between cop and soldier his fascinating frightening narrative that spans from america s earliest days through today shows how a creeping battlefield mentality has isolated and alienated american police officers and put them on a collision course with the values of a free society

Outside the Wire in Blue 2018

in outside the wire in blue co authors and american police officers david shearman and james jt taman dramatically reveal the highly successful but little known dod civilian law enforcement advisory program born out of the height of the 2006 campaign against the insurgency in fallujah iraq during this struggle u s army and marine corps leaders recognized that contemporary tactics and strategies were ineffective against an insurgency that acted more like thugs and criminals than a regular fighting force the question that plagued these leaders was who within their arsenal of warriors understood organized crime the mindset of criminals and the tactics and techniques of gangs the solution was not found within the dod it was found in their brothers in blue the american police officer

The Ville 1994

a look at the lives of youth in the inner city focuses on one brooklyn neighborhood following an enthusiastic housing police officer and a member of a gang through one year of violence and danger

Black Police in America 1996

traces the growth disappearance and eventual return of an african american presence in police forces and links developments to changes in black influence on the political process

The Use and Abuse of Police Power in America 2023

providing a timely and much needed investigation of how u s law enforcement carries out its public safety and crime fighting mandates this book is an invaluable resource for students educators and concerned citizens does america face an epidemic of police officers abusing their powers and disregarding constitutional rights especially in communities of color or are such accusations unfair especially given the enormous challenges of enforcing the law in 21st century america this book provides a unique frame of reference for understanding how some of the issues between the police and the public emerged identifying events that have shaped current relationships between the police and the public as well as the public s expectations and perceptions of the police an authoritative resource for understanding modern law enforcement and its relationship with american communities this volume addresses subjects including the legal underpinnings of various law enforcement actions

and practices the so called militarization of police departments the increased use of force and surveillance to combat crime and terrorism and to generally keep the peace and the perspectives of black lives matter activists and other critics of american law enforcement the entries provide readers with expert analysis of current topics related to the intensifying debate about the american police state examine the scope of law enforcement issues that have existed for centuries and explain why they continue to exist and cover new mandates for exercising police power enabling readers to critically analyze what is presented to them in the media included throughout the book are excerpts from important laws speeches reports and studies pertaining to the subject of the use and abuse of police power in the united states

Black and Blue 2017

cbs news justice and homeland security correspondent jeff pegues presents an objective overview of the challenges confronting law enforcement as it attempts to reform in the wake of the unrest sparked by the police shootings in ferguson and other communities

Vice 2011-01-18

9 square miles 10 000 criminals 130 cops a riveting memoir by baker california s most decorated police officer compton the most violent and crime ridden city in america what had been a semi rural suburb of los angeles in the 1950s became a battleground for the black panthers and malcolm x foundation the home of the crips and bloods and the first hispanic gangs and the cradle of gangster rap at the center of it trying to maintain order was the compton police department never more than 130 strong and facing an army of criminals that numbered over 10 000 at any given time fully one tenth of compton s population was in prison yet this tidal wave of crime was held back by the thinnest line of the law the compton police john r baker was raised in compton eventually becoming the city s most decorated officer involved in some of its most notorious horrifying and scandalous criminal cases baker s account of compton from 1950 to 2001 is one of the most powerful and compelling cop memoirs ever written an intensely human account of sacrifice and public service and the price the men and women of the compton police department paid to preserve their city

A Government of Wolves 2013-06

a nation of sheep will beget a government of wolves edward r murrow america is fast moving into a state of lockdown surveillance cameras drug sniffing dogs swat team raids roadside strip searches blood draws at dui checkpoints mosquito drones tasers privatized prisons gps tracking devices zero tolerance policies overcriminalization free speech zones these are all symptoms of the emerging police state in america a government of wolves paints a chilling portrait of a nation in the final stages of transformation into outright authoritarianism whose citizens have become little more than a nation of suspects to be cowed corralled and controlled pulling from his extensive knowledge of constitutional law history and futuristic films john w

whitehead helps readers navigate this treacherous terrain and provides them with a blueprint for hopefully finding their way back to freedom

... American Police Systems 1920

was the gas in their car better at fighting crime than the officers inside for most of the twentieth century leaded gas was sold in the usa lead is hazardous to your mental and physical health meanwhile america was facing an urban crime wave and people were moving to the safe suburbs twenty years after the introduction of unleaded gas in 1975 crime began to fall the police were rewarded with tougher laws and military gear and the prison population more than doubled plumb crazy the secret history of cops cars and crime in america tells the little known story of unleaded gas and the 90s crime drop

Plumb Crazy 2018-12-04

opening with a powerful letter to former tacoma police chief david brame who shot his estranged wife before turning the gun on himself norm stamper introduces us to the violent secret world of domestic abuse that cops must not only navigate but which some also perpetrate former chief of the seattle police force stamper goes on to expose a troubling culture of racism sexism and homophobia that is still pervasive within the twenty first century force then he explores how such prejudices can be addressed he reveals the dangers and temptations that cops face describing in gripping detail the split second life and death decisions stamper draws on lessons learned to make powerful arguments for drug decriminalization abolition of the death penalty and radically revised approaches to prostitution and gun control he offers penetrating insights into the blue wall of silence police undercover work and what it means to kill a man and stamper gives his personal account of the world trade organization debacle of 1999 when protests he was in charge of controlling turned violent in the streets of seattle breaking rank reveals norm stamper as a brave man a pioneering public servant whose extraordinary life has been dedicated to the service of his community

Breaking Rank 2009-04-27

race and policing in america is about relations between police and citizens with a focus on racial differences it utilizes both the authors own research and other studies to examine americans opinions preferences and personal experiences regarding

the police guided by group position theory and using both existing studies and the authors own quantitative and qualitative data from a nationally representative survey of whites blacks and hispanics this book examines the roles of personal experience knowledge of others experiences vicarious experience mass media reporting on the police and neighborhood conditions including crime and socioeconomic disadvantage in structuring citizen views in four major areas overall satisfaction with police in one s city and neighborhood perceptions of several types of police misconduct perceptions of police racial bias and discrimination and evaluations of and support for a large number of reforms in policing

Race and Policing in America 2006-06-12

this book is about the career of a police officer of times past comparing it to how police work is done today is thought provoking frank pape was a dedicated lawman who would not surrender the streets to the lawlessness of modern times where did his mandate come from from the people of chicago whom he was sworn to serve and protect

The Toughest Cop in America 2001

domestic terrorism denial of constitutional rights wrongful prosecutions stripping away qualified immunity disarming and defunding police all designed to weaken americas cops while emboldening the lawless radicals have declared war on american justice they hold public office as city council members mayors county prosecutors state legislators governors members of congress and even the highest office in the land meanwhile american police officers are being forced to fight a media battle while struggling to maintain law and order in our streets as violent crime soars blue lies the war on justice and the conspiracy to weaken america s cops dissects the systematic agenda of the radical left who has declared war on police combining statistical analysis evidence based facts from high profile cases and a career of personal experience the author takes the reader on a literary ride along behind the scenes of the most controversial issues facing today s blue warriors among those issues are police deadly force encounters eliminating traffic stops systematic racism in law enforcement and the defund disarm and dismantle the police movements

Blue Lies 2021-12-04

we are the cops is an adrenalin fuelled ride through the lives of america s police told in the authentic voices of the cops themselves the journey begins with the rookie s first day on the job and moves through the heartbreak of officers dying in the line of duty the bloody reality of policing savage gang wars the devastating consequences of drug crime a gut wrenching cop s eye view of 9 11 and even an encounter with a runaway gorilla called little joe these real life stories from crime fighting s front line come from cops of every rank from chiefs to street cops working in big cities and small towns all over the us the result is a stunning montage of brutal funny and sometimes tragic true events which paints a vivid and unforgettable portrait of life as an american cop

The American Police 1976

named one of the best nonfiction books of the year by the Washington Post *Tangled Up in Blue* is a wonderfully insightful book that provides a lens to critically analyze urban policing and a road map for how our most dispossessed citizens may better relate to those sworn to protect and serve the Washington Post remarkable Rosa Brooks has produced an engaging page-turner that also outlines many broadly applicable lessons and sensible policy reforms. Foreign affairs journalist and law professor Rosa Brooks goes beyond the blue wall of silence in this radical inside examination of American policing in her forties with two children, a spouse, a dog, a mortgage, and a full-time job as a tenured law professor at Georgetown University. Rosa Brooks decided to become a cop, a liberal academic, and journalist with an enduring interest in law's troubled relationship with violence. Brooks wanted the kind of insider experience that would help her understand how police officers make sense of their world and whether that world can be changed. In 2015, against the advice of everyone she knew, she applied to become a sworn armed reserve police officer with the Washington DC Metropolitan Police Department. Then, as now, police violence was constantly in the news. The Black Lives Matter movement was gaining momentum. Protests wracked America's cities, and each day brought more stories of cruel, corrupt cops, police violence, and the racial disparities that mar our criminal justice system. Lines were being drawn, and people were taking sides. But as Brooks made her way through the police academy and began work as a patrol officer in the poorest, most crime-ridden neighborhoods of the nation's capital, she found a reality far more complex than the headlines suggested. In *Tangled Up in Blue*, Brooks recounts her experiences inside the usually closed world of policing, from street shootings and domestic violence calls to the behind-the-scenes police work during Donald Trump's 2016 presidential inauguration. Brooks presents a revelatory account of what it's like inside the blue wall of silence. She issues an urgent call for new laws and institutions and argues that in a nation increasingly divided by race, class, ethnicity, geography, and ideology, a truly transformative approach to policing requires us to move beyond sound bites, slogans, and stereotypes. An explosive and groundbreaking investigation, *Tangled Up in Blue* complicates matters rather than simplifies them and gives pause both to those who think police can do no wrong and those who think they can do no right.

We Are the Cops 2015-03-10

This book examines issues of race and policing through the lens of representative bureaucracy theory. According to representative bureaucracy theory, demographic correspondence between government employees and the local population can lead to more favorable outcomes for minority groups. It argues that police forces with higher minority composition will have more positive outcomes across measures such as fewer excessive force complaints and fewer fatal encounters with officers. Additionally, the book asserts that more representative forces will demonstrate responsiveness and accountability by implementing policies such as citizen review boards for excessive force complaints. It does this by first providing a brief overview of issues surrounding race and policing in America, documenting racial representation occurring in local police forces nationwide, and exploring the potential causes and consequences of underrepresentation. It concludes by discussing the implications of our findings and offers potential policy remedies and solutions that local law enforcements can pursue in order

to reduce minority underrepresentation and improve policing outcomes

Cops in America 2015-01-01

this book takes a look the origin of policing in the united states and its possible roots in the slave patrols of the south during slavery it looks at how the institution has historically dealt with so called black people it also takes a brief look at the very powerful police unions and how they influence public policy and perception for police

Jews in Blue: The Jewish American Experience in Law Enforcement 2006

there are more than one million law enforcement officers in the united states in this book you will meet police officers from all parts of the country who take their oath seriously and when confronted with life threatening circumstances have acted courageously you ll read about a patrol officer who after discovering a house on fire early one morning rescued its inhabitants before the fire department could arrive imagine the courage required by one state trooper who single handedly brought five armed robbers to justice in alaska s wilderness one stalwart officer used his body to shield a homeless man from an angry armed mob while his partner helped fend off the attackers readers will meet one officer who distinguished himself throughout his incredible career with numerous feats of heroism you ll be touched by the valor of the k 9 officers and their handlers and of course there is a powerful piece on police heroism on september 11th filled with stories about americas finest officers this book is a moving tribute to our country s unsung heroes

Crime in America and the Police 1920

commissioner johannes spreen was a police officer extraordinary a man who helped restructure and develop new york city police academy training leading to a college program a west point for officers now john jay college for criminal justice johannes spreen is a man of enthusiasm indeed a prophet always ahead of his time and brought his talent to detroit as police commissioner and later sheriff of oakland county rudolph p blaum retired captain new york city police department john jay college former president american education association this book describes how policing has gradually emphasized law enforcement over the protection of people it is a compelling book by an innovative and gifted top cop who presents a convincing case for community oriented policing this story of policing urban america over several decades covers politics crime control leadership mental and physical conditioning morals and rivalries that reduce effectiveness besides being a role model for youth police officers administrators and policy analysts commissioner spreen used wit and literary brilliance to describe his career and these issues through charming letters to his daughter

Police Heroes 2004-06

born in a rough and tumble neighborhood of dublin john f timoney moved to new york with his family in 1961 not long after graduating from high school in the bronx he entered the new york city police department quickly rising through the ranks to become the youngest four star chief in the history of that department timoney and the rest of the command assembled under police commissioner bill bratton implemented a number of radical strategies protocols and management systems including compstat that led to historic declines in nearly every category of crime in 1998 mayor ed rendell of philadelphia hired timoney as police commissioner to tackle the city s seemingly intractable violent crime rate philadelphia became the great laboratory experiment could the systems and policies employed in new york work elsewhere under timoney s leadership crime declined in every major category especially homicide a similar decrease not only in crime but also in corruption marked timoney s tenure in his next position as police chief of miami a post he held from 2003 to january 2010 beat cop to top cop a tale of three cities documents timoney s rise from his days as a tough street cop in the south bronx to his role as police chief of miami this fast moving narrative by the man esquire magazine named america s top cop offers a blueprint for crime prevention through first person accounts from the street detailing how big city chiefs and their teams can tame even the most unruly cities policy makers and academicians have long embraced the view that the police could do little to affect crime in the long term john timoney has devoted his career to dispelling this notion beat cop to top cop tells us how

Policing America 2012-03-14

why is criminal justice so central to american politics lockdown america notonly documents the horrors and absurdities of militarized policing prisons a fortified border and the federalization of the war oncrime it also explains the political and economic history behind themassive crackdown this updated edition includes an afterword on the war on terror a meditation on surveillance and the specter of terrorism as they help reanimate the criminal justice attack written in vivid prose lockdown america willpropel readers toward a deeper understanding of the links between crimeand politics in a period of gathering economic crisis

Sacred Obligation 2023-08

american policing is in crisis here award winning investigative journalist joe domanick reveals the troubled history of american policing over the past quarter century he begins in the early 1990s with the beating of rodney king and the l a riots when the los angeles police department was caught between a corrupt and racist past and the demands of a rapidly changing urban population across the country american cities faced similar challenges to law and order in new york william j bratton was spearheading the reorganization of the new york city transit police and later the 35 000 strong new york police department his efforts resulted in a dramatic decrease in crime yet introduced highly controversial policing strategies in

2002 when bratton was named the lapd s new chief he implemented the lessons learned in new york to change a department that previously had been impervious to reform blue ends in 2015 with the lapd on its unfinished road to reform as events in los angeles new york baltimore and ferguson missouri raise alarms about the very strategies bratton pioneered and about aggressive racial profiling and the militarization of police departments throughout the united states domanick tells his story through the lives of the people who lived it along with bratton he introduces william parker the legendary lapd police chief tom bradley the first black mayor of los angeles and charlie beck the hard nosed ex gang cop who replaced bratton as lapd chief the result is both intimate and expansive a gripping narrative that asks big questions about what constitutes good and bad policing and how best to prevent crime control police abuse and ease tensions between the police and the powerless blue is not only a page turning read but an essential addition to our scholarship adapted from book jacket

Minorities and the Police 1968

the 1 new york times bestselling author recounts riding along with street cops in california s most dangerous city compton los angeles times in 1974 compton california had the highest per capita crime rate in the nation and bruce henderson then a young idealistic newspaper reporter was determined to spend the summer riding with the compton police his journalistic accounts of the day to day activities he witnessed is a vivid narrative dramatic violent and at times humorous incidents featuring illuminating pictures from award winning photographer phil nelson ghetto cops unmasks the city and its cops to reveal a side of street crime most of us never see they bust a lot of ass in compton it s a tough city that is a virtual powder keg for the police the streets are a battlefield and working on any shift is like going to war los angeles free press you don t put down ghetto copsonce you pick it up livermore ca independent
