this reference work provides basic data and modern literature references for more than 17 000 species of seed plants known from peru

Wallace's Monthly 1887

a new history of ireland is the largest scholarly project in modern irish history in 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of irish history and prehistory from the earliest geological and archaeological evidence through the middle ages down to the present day volume ii opens with a character study of medieval ireland and a panoramic view of the country c 1169 followed by nineteen chapters of narrative history with a survey of land and people c 1300 there are further chapters on gaelic and colonial society economy and trade literature in irish french and english architecture and sculpture manuscripts and illuminations and coinage

Wallace's Monthly 1886

by bringing together historians of britain and france to examine the dynamics of the conflict between the two nations in this period this book measures its impact on their domestic political cultures and its effect on their perceptions of each other in so doing it will encourage scholars to examine in more detail aspects of popular mobilization which have hitherto been largely ignored such as the resurgence of loyalism in 1803 and to see contributions in the light of the dual contexts of domestic political conflict and their war with each other the book contributes both new detail to our understanding of the period and a better overall understanding of the complex place that each nation came to occupy in the consciousness of the other book jacket

Letters and Papers Illustrative of the Wars of the Einglish in France During the Reign of Henry the Sixth, King of England
1864

storytelling is an ancient practice known in all civilizations throughout history characters tales techniques oral traditions motifs and tale types transcend individual cultures elements and names change but the stories are remarkably similar with each rendition highlighting the values and concerns of the host culture examining the stories and the oral traditions associated with different cultures offers a unique view of practices and traditions storytelling an encyclopedia of mythology and folklore brings past and present cultures of the world to life through their stories oral traditions and performance styles it combines folklore and mythology traditional arts history literature and festivals to present an overview of world cultures through their liveliest and most fascinating mode of expression this appealing resource includes specific storytelling techniques as well as retellings of stories from various cultures and traditions

henry james s travel writings are at once literary masterpieces unsurpassed guidebooks and penetrating reflections on the international themes familiar from his fiction this volume the second of two begins with the classic a little tour in france 1900 illustrated with joseph pennell s exquisite drawings from the original edition james begins his tour of the french countryside one rainy morning in mid september of 1882 when he sets off for the city of tours as a means of exploring the proposition that though france might be paris paris was by no means france from tours balzac s birthplace james travels to the great chateaux of the loire valley visiting chambord amboise chenonceaux and blois where as you cross the threshold you step straight into the sunshine and storm of the french renaissance dense with literary associations and historical echoes james s prose brings castles and cathedrals and old walled towns to life in his glancingly precise visual evocations of terrain and cityscape he realizes his ambition to sketch without a palette or brushes henry james loved italy a beautiful disheveled nymph to england s good married matron the incisive and witty essays in italian hours 1909 describe memorably happy sojourns in venice rome and florence and excursions to siena assisi perugia capri ravenna and other italian cities nowhere do art and life seem so interfused as in venice wrote james in celebration of the splendor of venetian light and color air and history he records his radiant impressions of roman churches and aqueducts museums and fountains and rambles through the gardens of the villa borghese in spring when rome seems lighted with an irresistible smile all these essays are filled with james s intense pleasure in italian places and people this volume concludes with sixteen essays on such varied places as switzerland holland rheims and the pyrénées including a memorable account of the american volunteer ambulance corps in europe during world war one library of america is an independent nonprofit cultural organization founded in 1979 to preserve our nation s literary heritage by publishing and keeping permanently in print america s best and most significant writing the library of america series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries

Letters and papers illustrative of the wars of the English in France during the reign of Henry the Sixth, King of England 1864

reprint of the original first published in 1868

The Douglas Book 1885

focusing on the oceanic war rather than on the war in the great lakes this study charts the war of 1812 from the perspectives of the two opposing navies at sea one the largest navies in the world the other a small upstart navy just three decades old while american naval leadership searched for a means of contesting britain s naval dominance the english sought to destroy the u s navy and protect its oceanic highways instead of describing battles between opposing warships kevin mccranie evaluates entire cruises by american and british men of war noting both successes and failures and how they translated into broader strategies in the process his study becomes a history of how the two navies fought the oceanic war linking high level governmental decisions about strategy to the operational use of fleets in the atlantic and caribbean and from the south pacific to the indian ocean this comprehensive work offers a balanced appraisal of the sea war taking into account the strategic considerations of both sides and how the leadership from each side assessed planned and implemented operational concepts it draws on a wealth of british and american archival sources to help the reader understand strategic imperatives and the correlation between these imperatives and why the oceanic war was conducted in the manner it was all american warships cruises not just those that resulted in battles are covered but the author s action packed accounts of battles hold special appeal

Grafton's Chronicle 1809

although the distinction between the politics of the left and the right is commonly assumed in the media and in treatments of political science and history the terms are used so loosely that the student and the

general reader are often confused what exactly are the terms left and right supposed to imply this two volume encyclopedia of politics the left and the right contains over 450 articles on individuals movements political parties and ideological principles with those usually thought of as left in the left hand volume volume 1 and those considered on the right in the right hand volume volume 2

The Bookseller 1883

this book is a volume in the penn press anniversary collection to mark its 125th anniversary in 2015 the university of pennsylvania press rereleased more than 1 100 titles from penn press s distinguished backlist from 1899 1999 that had fallen out of print spanning an entire century the anniversary collection offers peer reviewed scholarship in a wide range of subject areas

Publisher and Bookseller 1883

this work examines the world s indigenous peoples their cultures the countries in which they reside and the issues that impact these groups

Peerage of England 1812

sheds considerable new light on the nature development and functions of the orders in a key phase of their history and goes a long way to explaining how such archaic institutions could flourish in a culture that is commonly thought anti traditional and especially hostile to the middle ages professor jonathan boulton university of notre dame this is the first comprehensive study to set the british orders of knighthood properly into the context of the honours system by analysing their political social and cultural functions from the restoration of the monarchy to the end of george ii s reign it examines the revival of the order of the garter and the proposals to establish the orders of the royal oak and the esquires of the martyred king at the restoration the foundation 1687 and the revival 1703 4 of the order of the thistle as well as the foundation of the order of the bath 1725 it establishes just how central a part the orders played in the british high political life and its comprehensive and multidimensional approach carefully contrasts the idealistic discourse of virtue and honour to the real workings of the honours system it also makes the case for the chivalric enlightenment the orders over the water the garter and the thistle conferred by the jacobite claimants are discussed for the first time in the context of the established british honours system overall the comparison between the socially very restricted british and the increasingly meritocratic continental orders highlights the isolation of the british honours system from the european tendencies
