death penalty 2021 facts and figures global figures  
amnesty international recorded 579 executions in 18 countries in 2021 an increase of 20 from the 483 recorded in 2020 this figure represents the second lowest number of executions recorded by amnesty international since at least 2010  
2023-10-9 the international standard is clear the death penalty must be restricted to the most serious crimes defined as crimes of extreme gravity involving intentional killing of the countries that retain the death penalty under law only two jamaica and saint vincent and the grenadines follow the standard  
figures from the past three decades show two opposing trends the number of countries that abolished the death penalty for all crimes have continued to grow while the number of countries known to have carried out executions each year steadily decreased
