Ordnance Safety Manual 1909 this book examines the educated elite in 1 corinthians through the development and application of an ancient education model the research reads

paul s text within the social world of early christianity and uses social scientific criticism in reconstructing a model that is appropriate for first century corinth pauline scholars have used models to reconstruct elite education but this study highlights their oversight in recognising the relevancy of the greek gymnasium for education topics are examined in 1 corinthians to demonstrate where the model advances an understanding of paul s interaction with the elite corinthian christians in the context of community conflict this study demonstrates the important contribution that this ancient education model makes in interpreting 1 corinthians in a graeco roman context this is volume 271 of jsnts

The Charter and Ordinances of Bay City with a Manual of the Common Council and of the Municipal Government 1929 focusing on pupils moving from primary to middle or secondary school it describes and evaluates the schools programmes to ease transfer and includes material provided by the pupils themselves the main body of the book is a rich and detailed account of the first months of life in new secondary schools where the pleasures and perils of new friends new teachers and new subjects and a new approach to teaching are encountered the book conveys vividly how pupils experience a new environment and meet its dangers rules and regulations timetable complex groupings and ideology inside the secondary classroom was the first comparative ethnography of school life in britain carried out in six schools it reveals surprising similarities and differences between them the cases studied range from highly successful pupils with nine o levels to others with severe social and personal problems
