An Introduction to Law, Law Study, and the Lawyer's Role

1992

mastering administrative law is designed as a supplement to law school courses in administrative law or as an introduction to the subject for lawyers trained in other legal systems the book explicitly and in plain language identifies the functions of the various principles of administrative law to facilitate the mastery of topics this book includes a roadmap at the beginning of each chapter that provides readers with an overview of the material that will be covered checkpoints at the end of each chapter that reiterate what has been learned and a master checklist at the end of the book that reinforces what has been covered and helps readers identify any areas that need review or further study

Mastering Administrative Law

2018

this unique book is designed to introduce non lawyers to what law is how it is interpreted and made and to prepare prospective law students for law school although primarily intended for those interested in going to law school it is also very useful for those who simply want a working knowledge of how the american legal system actually works the text is highly pragmatic helping the reader understand not just theory but the realities of how law works and what lawyers actually do to assist clients in the real world to that end it contains a sample legal problem along with the necessary legal

materials to address it and an illustrative answer

An Introduction to Law, Law Study, and the Lawyer's Role

2023

the third edition of expert learning for law students is a reorganization and rethinking of this highly regarded law school success text it retains the core insights and lessons from prior editions while updating the materials to reflect recent insights such as mindset theory attribution theory chunking for use and interleaving learning the text includes exercises and step by step guides to engage readers in the process of becoming expert learners including specific strategies for succeeding in law school

Expert Learning for Law Students

2017

this work invites readers in law as well as those in political science international relations and similar disciplines to witness the fast growing emergence of a new legal order the law of the european union eu and european communities ever since its early founding through daring steps in the 1950s community law has gone through formidable and complex developments resulting from several enlargements and the expansion of the powers of the communities for reasons laid out in this book

preparing for the regents examination geometry Copy

the eu as a whole is now a field of major interest and study this volume deals mostly with issues pertaining to the sovereignty of the member states engaged in the construction of europe after presenting a history of the communities and eu levasseur and scott address topics such as the eu s constitutional principles its institutions the sources of law the legal remedies available and the relationship between community law and national legal orders comparative law references have been added where appropriate in addition this work examines the eu s defense policies and the special relations between the eu and the usa we certainly find in the book all the qualities of an excellent casebook where the goal of providing a mass of information does not give way to the goal of stimulating classroom discussion the goal is always to prefer thought over a mere dogmatic exposition and that in itself should earn this book a very large audience even outside strictly academic circles xavier blanc jouvan american journal of comparative law 2002 the levasseur work does the far superior job of conveying the constitutional and institutional structure of the european union and the very complex jurisdiction of the courts what the levasseur book lacks in quantity it makes up for in quality the levasseur book is absolutely the better suited to a three hour one semester course or to independent study by practitioners in the field this much more understandable work uses a european approach to a european subject while still including an appropriate number of cases as part of the overall presentation on studying european law a comparative review of the two leading books the tulane european and civil law forum 2003

The Law of the European Union

2001

while thinking and writing about law is primarily geared toward law students it should be accessible for anyone who wants to improve their abilities in legal analysis and communication written in an approachable no nonsense style the book is divided into two parts the first part guides readers toward an understanding of legal analysis in our common law system properly conceptualizing our system of law is the most fundamental and overlooked component in the process of legal analysis to that end the book walks the reader step by step through the analytical process and then reinforces the reader s understanding by introducing a novel technique for visualizing legal analysis the second part guides readers toward successful communicating their analyses to both inform and persuade it draws upon the author s experiences as both a legal writing professor and a supreme court justice to bring a distinctive blend of academic expertise and judicial practicality to the subject

Thinking and Writing about Law

2021-07

mastering constitutional law offers students an opportunity to learn the essential elements of constitutional law in a condensed framework this book s concise up to date user friendly approach is refreshing whether students are studying for con law exams or the bar exam mastering constitutional

law offers an outline that is easy to use each chapter begins with a simple roadmap alerting the reader to the direction of the chapter the chapter naturally unfolds according to that plan and then ends with a list of checkpoints that summarize the law in pithy phrases there are no footnotes see also notes or bibliographies because mastering constitutional law is a condensed yet complete outline of constitutional law

Mastering Constitutional Law

2009

north carolina legal research is devoted to explaining the process of legal research for people searching for the law in north carolina the book uniquely incorporates north carolina sources of law and related strategies into a logical legal research process after initial discussions of legal research and analysis and the research process the book s chapters generally follow a basic research process including north carolina administrative law case law statutory law and secondary sources additionally methods of finding north carolina legislative history court rules and rules of ethics are included in the text while the book is substantially focused on the process of legal research incorporating north carolina legal information sources discussion of federal legal information sources is included when federal information would be relevant for research in north carolina north carolina legal research is designed for teaching legal research to students in law school either in the first year or in an upper level research course however practitioners paralegals librarians college students and even laypeople might find it helpful the book includes descriptions of a wide range of legal information sources

including free government websites and lower cost websites as well as premium online services and books the second edition is updated to focus on researching on the new generations of legal research databases such as lexis advance westlawnext and bloomberg law this book is part of the legal research series edited by suzanne e rowe director of legal research and writing university of oregon school of law

North Carolina Legal Research

2014

new york legal research provides an alternative to the excellent but often lengthy legal research books that take a bibliographic approach to this dynamic lawyering skill the goal of the third edition is to explore concisely both the sources of new york state law and the process of conducting research using those sources new to the third edition is a greater emphasis on online sources and performing online research the book begins with an overview of the legal research process and an introduction to research techniques using online media then the book turns to secondary sources recognizing these sources as the entry point for most new research projects next new york legal research addresses primary authority with chapters dedicated to case law enacted law statutes constitutions local law and court rules and administrative law additional chapters cover legislative history free and commercial updating tools legal ethics research new york city law and research strategies and organization an appendix explains legal citation by new york courts following the new york law reports style manual most chapters contain outlines with step by step guidance for research in various types

of legal resources the book also includes short excerpts and screen shots from important sources discussions of legal analysis are brief but are included as necessary to show the crucial connection between research and analysis while the concentration of new york legal research is state research concise descriptions of federal resources are included throughout this book is part of the legal research series edited by suzanne e rowe director of legal research and writing university of oregon school of law what i found most valuable in these introductory chapters was the description of how to access new york materials on westlaw google scholar and government websites another important aspect of new york law is the distinction between consolidated and unconsolidated laws the book explains in detail the distinction and where to find the statutes highlighting the main sources of new york s consolidated and unconsolidated laws new york legal research provides a solid examination of both the sources of new york law and the legal research process a picture is worth a thousand words and embedded within the chapters are screenshots and tables that illuminate the text when comparing this book with other titles on the subject new york legal research is the only title that focuses its discussion on connecting the sources of law in new york with the practice of conducting legal research that makes new york legal research an essential addition to any law library that supports the study or practice of law in new york kathleen darvil law library journal volume 108 2

intellectual property a survey of the law teaches the law of trademark copyright patent and trade secret the casebook presents the material so that it is accessible to students it explains the black letter rules and underlying policies in a straightforward and simple manner it provides examples practice problems and explanations for each area of the law facilitating mastery of fundamental concepts case comprehension questions follow each case excerpt to help students focus on key points beyond the case questions challenge students to apply doctrines and policy outside the context of the specific case substance draws from both well established jurisprudence and recent developments in case and statutory law a teacher s manual and powerpoint slides will be available for professors additionally a free app on itunes and googleplay will be available for students the app will provide a concise summary of black letter law as well as practice problems with explanations

Mastering Labor Law

2014

please note that the supplemental materials website has moved to caplaw.com. All studies show that the reading skills your students have developed in college may not be enough to ensure their success in law school. Reading law requires professionals to understand the purpose of their reading, to form and express opinions about what they're reading, to apply legal logic, to read with energy, and to adopt sophisticated reading habits that are unique to the study of law. Written for law students, pre-law students, paralegals, and others interested in developing these reading skills, *Reading Like a Lawyer* teaches each of the following critical legal reading skills: how to read legal casebooks and engage in class, as well as how to use your reading to prepare for exams; how to read published court cases outside of a casebook; how to read legislative material; and how to read online effectively. Based on sound educational research, each chapter includes exercises that challenge students to apply what that chapter has taught. A website accompanies the book and includes additional readings, e.g., on logic, plus opportunities for students to gain confidence by testing their own thoughts against those of the author. For faculty, *Reading Like a Lawyer* includes a separate teacher's manual and a faculty website with a powerpoint that mirrors the book's principle lessons.

Making Law Review

2017

contracts the law of promises is a casebook for first year contracts courses its emphasis is on presenting contract law in an easily understandable way so students can spend most of their time mastering the application of the rules rather than seeking to discover the rules the casebook includes an appendix with the most important black letter rules and over 600 examples throughout the book showing how the rules are applied before each case textual material explains the law and its application with further emphasis on explaining each of the elements of the doctrine being discussed key points and chapter takeaways are included to help students know if they are recognizing which principles are particularly important cases have been chosen based on the clarity of the court's analysis and have been abridged to exclude irrelevant material the cases included provide for interesting classroom discussions but classic cases have been retained as well numerous problems are included typically based on real cases so that professors can use them in class to further students understanding of how the rules are applied common student mistakes are also highlighted theory is covered but kept to a minimum contracts the law of promises will enable students to come to class with a firm grasp of the black letter law and a general understanding of how the rules are applied enabling professors to devote more class time to discussion and less time to lecturing the second edition includes expanded coverage of electronic contracting and explanations of the 2022 amendments to article 2 of the uniform commercial code and the 2022 restatement of consumer contracts core knowledge for lawyers content for this book will be available in fall 2024

Aviation Law

2006

international human rights law provides a student oriented examination of the law of international human rights although human rights are hardly a recent invention the advent of their international protection is one of the most profound developments of the modern era how governments treat their own citizens and others is no longer strictly an internal domestic matter but rather the concern of all humankind international law is now a central feature of the effort to progressively achieve human freedom and dignity for all
