 if i was starting to learn to play the guitar today and somebody gave me a guitar today i d tune it in straight fourths without a doubt just like the six string bass cause to find that b string is a pain and it s unnecessary cause you play you know there s only a few of us that go around bashing out power chords anymore so you don t need that anyway so if i was to learn again it s just that it s been so many years trying to beat the b string that i can t go and un beat it allan holdsworth
