Emerging Voices

2005

this examination graphically illustrates the conditions that make dreams of a better life for all virtually unrealizable in rural areas of south africa through the voices of rural people themselves this study tells not only what the problems surrounding education are but also what can and should be done when the south african government launches its offensive against poverty in rural areas rigorous and qualitative the text is an overview of the need of great numbers of people for the opportunities and capabilities that education can provide for their futures it also shows the existing situation of many impoverished populations worldwide and illustrates that poverty and inequality continue where such issues are not addressed
