this book discusses digitalization trends and their concrete applications in business and societal contexts it summarizes new findings from research teaching and management activities comprising digital transformation e business the representation of knowledge human computer interaction and business optimization the trends discussed include artificial intelligence virtual reality robotics blockchain and many more professors and researchers who conduct research and teach at the interface between academia and business present the latest advances in their field the book adopts the philosophy of applied sciences and combines both rigorous research and practical applications as such it addresses the needs of both professors and researchers who are constantly seeking inspiration and of managers seeking to tap the potential of the latest trends to take their business to the next level readers will find answers to pressing questions that arise in their daily work

## **Beiträge Zur 15. Internationalen Konferenz Zu Stadtplanung, Regionalentwicklung und Informationsgesellschaft**

2010

this book presents the results of a multi annual project with sustainable living labs in the united kingdom sweden germany and the netherlands living labs as initiated by the authors have proved to be very promising research design co creation and communication facilities for the development and implementation of sustainable innovations in the home the book provides an inspiring introduction to both the methodology and business modelling for the living lab facilities understanding daily living at home is key to designing products and services that support households in their transition to more sustainable lifestyles this book not only explores new ways of gaining insights into daily practices but also discusses developing and testing design methods to create sustainable solutions for households these new methods and tools are needed because those available are either ineffective or cause rebound effects intended for researchers and designers with an interest in the transition to sustainable lifestyles it also appeals to company leaders interested in new ways of developing sustainable innovations and offers suggestions for effectively applying living labs for sustainable urban development

## Jonah Infill Drilling Project

2006

re mixing the city towards sustainability and resilience there is nothing permanent except change heraclitus cities worldwide are facing rapid social economic environmental technological and cultural changes such as rapid urbanisation aging of society security issues housing emergency new solutions on mobility integration of immigrants food and water shortage etc especially in times of economic crisis and demographic changes in cities it is necessary to think about how to best handle what we have and therefore re mixing the city is a challenge to manage and re combine the elements which make our modern cities in order to better respond to change

2012

many organisations face the challenge of making their project management more agile however the circumstances are often not suitable for this the desired agility either does not fit the existing projects or there is a lack of sufficient systematics lean project management shows how the advantages of different lean project management methods adaptive targeted and flexible can be combined in addition to the established methods of classic and agile project management proven methods and tools from lean management are used and further developed with a view to the requirements of project management such as gemba 5s and more the book shows how an organisation can systematically professionalise its project management and make it more flexible in a targeted manner in order to achieve more value with less effort aimed at students on postgraduate courses in business and project management as well as professional project managers working in

organisations both large and small lean project management is a clear and comprehensive guide to combining the best methods to achieve optimal results
